MINERVA PARK VILLAGE COUNCIL
June 11, 1990

The meeting was called to order by Mayor Blair. All members of council were present.

The Mayor reported that the income survey of Village residents had 352 responses, 66% response rate, and has been forwarded to MORPC.

Under citizens' comments, Jim Fischer had three concerns. First, he wondered where the majority of the emergency squad runs were made since only 12 were in Minerva Park and 24 in Blendon Township and 126 elsewhere. These should be specified as Columbus or wherever. A second concern was the builder’s sign that is still in the front yard of a new home that has been built for many months. He questioned whether an occupancy permit had been granted and said nothing had been done to the yard. Another concern was the pumping of water on Cleveland Ave. for so many hours and through the night. The noise is annoying and Mr. Fischer wondered why the pumps couldn’t be put on the other side of Cleveland Ave.

Dee Young asked about restrictions on out-building size and questioned the permit for a storage shed at 3127 Minerva Lake Road which is 17’ long. She had other complaints of water runoff along the curb and the way zoning requests are handled.

Don Brown asked if anything had been planned for sewer hookups along Minerva Lake Road. The Mayor and Lee Rupp are still waiting to hear from Columbus. They are to flush out the lines to check for seals. Y’s are already behind the curb on each lot.

COUNCIL REPORTS
Community - Mrs. Wohlfarth had reported earlier that the Committee studying the Kilbourne Run water runoff had been working diligently to solve the problem and had conferred with the Franklin Co. Soil and Conservation Comm. and the EPA. Streets - Mr. Champney reported that a bid from Bituminous Paving for Street Improvement of $32,215 could be accepted if sufficient funds are available. We have appropriated $25,000 and will receive $7500 from the county. Mr. Champney had a call from an Alder Vista resident about water collection in the drain area. There are a number of residents with similar problems. It was felt that the Village was unable to absorb the cost of improvements and the homeowner would need to repair curbing or whatever was needed. Mr. Champney again asked about street signs for Park Lane Dr. and Ct. A Village sign is rusted and will be replaced. The lot on Jordan Road and Cleveland Ave. has not been cut and he requested that Mr. Singh get this done. Service - Mr. McCabe reported that the water main break holes had been repaired except for one on Maplewood that had not been done previously. Finance - the bills were approved for payment. Safety - The squad had 3 runs in the Park, 17 in Blendon Township, and 156 elsewhere. Chief Hillard was awarded a Certificate of Training from the U. S. Attorney for completing a course on identifying drug organizations. Legislative - Resolution 90-7 which was passed last month was amended using the word "replacement" instead of "new." "A RESOLUTION DECLARING IT NECESSARY TO LEVY A REPLACEMENT TAX IN EXCESS OF THE TEN MILL LIMITATION" This resolution passed on this second reading.

Mr. Champney reported on the St. Ann’s Hospital Board meeting held last Wednesday. They had approved an easement for an office building and operation is going well. There was discussion on how to fill the vacancy on council due to the resignation of Bruce Kelly. It was decided to call a special meeting for next Monday night to interview candidates. Joe Anderson inquired about the status of the new zoning map. Several persons in attendance had complaints about how infractions of ordinances were handled and aired complaints about activities of their neighbors.

A summary of the July meeting of council will be next month’s Village.
As I sit here typing this Village I realize how many people of the Park are involved in so many different activities - from Village government to Civic to the 50th Celebration. We really do have a lot of things going for us in the Park. And yet I have to ask for more involvement on the part of some of our residents. The Women's Club has some to a crossroad. With so few women being active in the club, we need to ask the question, "Should the Women's Club be dissolved?" There is no doubt that the Women's Club does some very worthwhile things - printing of our directory each year; children's activities for Halloween, Xmas, and Easter; Christmas Bazaar and Dinner Dance. In the past it has paid for the paving of the path from the dam to Minerva Lake Road, supported the 4th of July events, donations to the Pool, etc. If the women of the Park do not want the club to end, we need your help. We need someone to chair the children's activities. We need someone to chair the Christmas Bazaar. We need someone to do the directory next year (this year's directory is in the works already). We will need hostesses for each of the monthly meetings. It cannot be done by just a few people any more.

There has been talk of combining the Women's Club and the Civic Association into one community group. So think about it. Let me know what you think - give me a call, write me a note, talk to me when you see me. Over the next few months we need to decide what direction the club should go in.

We will continue on our usual schedule this year, but we need to plan for next year.

Betty Beatrice
Pres., Women's Club

with approx. 10 games inside was taken from a residence in the 2700 block of Wildwood. Bedrooms were also ransacked. 7/17 THEFT a 24" boys bicycle was taken from the Minerva Pool parking lot. White frame with blue rims, black fox, factory rider, USA sticker on the frame.
Flora was pleased to see so many flags up on the Fourth of July. Minerva Lake Road was particularly festive with small flags by each mailbox. These were placed by Jenny Ritchey, a former resident, who now works for Coldwell Bankers Realty Co.

Last month I had mentioned that due to the weather the annuals were slow getting started and I'd speak of them next month. The same statement can be made again! When it was 95° and I was lugging buckets of water to the Maplewood entrance, I swore I would never plant another Impatience - particularly not out of easy range of a hose. Then came the monsoon season and they really started to grow and bloom well. We all need to know that 1) annuals really don't come into their own until after the 4th; so yards need other color in June, 2) Impatience are really shade plants but, with little sun like this year, those that are blooming best are those with lots of sun or light. Note however, that when it gets hot and dry, it takes lots of water to keep them going. 3) The glamorous New Guinea Impatience require more sun than the others. The Julians (2584 Lakewood) have a fine display of these along the front of their house which faces south. 4) The Begonia's, like the Impatience, are shade plants but don't like as much shade as they are getting this season. 5) Another shade plant, Lobelia, is also doing its best in the sun. 6) Marigolds seemed to do well in our dry spells as well in the rain, but they need a sunny spot. I tried some as an edging for some Fairy Roses. The roses are blooming well in the partial shade but the Marigolds are doing nothing. 7) During the rain the Geraniums were the worst looking of all.

In contrast to the annuals, the Daylilies kept looking colorful. We need both annuals and perennials in our gardens. Hostas, Daylilies, and many other perennials do a good job of screening dying bulb foliage and provide lots of June/July color. Annuals do their best later in the summer, and Mums are needed for the Fall. Technically Mums are perennials but plant them as annuals and be pleasantly surprised if you don't have to replant them due to winter kill. To make neat, bushy plants you need to pinch them regularly from the time they are 3 or 4 inches high until after the 4th.

One hot day I met all four members of the Laudon family headed for the Maplewood entrance with wagons and jugs of water. They had noticed that the plants were looking wilted. To them we say "thank you" and we also want to thank the owners of houses by the Maplewood/Minerva Lake entrances for their willingness to let us use their water.

Last month we thanked those who helped on Garden Day to make us weed free. One month later Jeanne Blair and Mary Voss set out to do the job again, worked for 7 and 1/2 hours and never got to the Community Building. Came the rains and you'd think no one had ever done a thing. We need some more volunteers to keep ahead of the weeds.

Last summer when the Schwarzachs (2653 Lakewood) put in a new driveway Frans dug out the old roadside Daylilies along the edge and replanted them along the edge of the woods by the path. They have been blooming lately and look so good I think we should enlarge the bed. Anyone have any to volunteer? If there ever was a no-care plant, that is it.

Driving around in the rain, I enjoyed the daylilies at four houses. Lynch's (2785 Park Lane) have a large bed on the extra lot. It was particularly interesting edged with the gold-leafed August Moon Hosta which Connie reports is an experiment that will have to end as the Hosta is getting too sunburned. Charlie Plummer (2878 Lakewood) has large clumps of yellow and orange daylilies along the drive at the far edge of the lot and around the mailbox. They looked cheerful on a gloomy day. Sarah Miller (5150 Lakeland Ct) has a large bed near Lakewood, the most visible portion a solid mass of peach color. The Jones (5073 Maplewood) has the most. Shirley bragged about taking off 210 deadheads in one day. Continuing along Park Lane the 4 houses next to the Lynch's have lots of Hostas, all of which seemed to be in bloom. From a distance it looks like one huge planting.

The show at the Ludee's (2806 Maplewood) changes with the season and the year. I think I like this year's best; lavendar Hostas and Ageratum plus lots of orange Impatience and white ones. By the time you read this the Hostas will be gone but the annuals should be even better. Drive by and enjoy.

Smith's (2776 Alder Vista) had a large bed in front of the house containing a mass of yellow Marigolds planted alongside another mass of purple Salvia. At 3001 Carleton Ct. there is a dark grey piece of statuary surrounded by gold Marigolds and red Geraniums. It is very effective standing in the center of a large green yard to the side of the house.

The bed at 2789 Maplewood is composed of low shrubs, some pink and some white, lots of white Alyssum and Impatience of all different colors. Earlier the Hicks (2525 Lakewood) & the Kreners (2736 Lakewood) both had pink and purple Clematis planted adjacent to each other along the rear and side of their houses.

I will be writing more about annuals for next month as they should be reaching their peak by then. In the meantime, happy viewing.

If you know of a new neighbor in the Park, give their names to Arlene Stuart 890-0363 or Alice Thompson 382-6173 who are our welcoming committee.
ADVANCED SALES ONLY FOR CHICKEN BARBECUE !!

Order your chicken barbecue tickets now at $5 each. THERE WILL BE NO DINNERS SOLD THE DAY OF THE BARBECUE. All tickets must be purchased by August 25th. No tickets will be sold after that date. Use the order form provided in the Villager or buy them at the Celebration Concert on August 19th. Dinner includes 1/2 chicken, 2 side dishes, drink and dessert. It should be a tasty dinner, as the Westerville Lions Club does the cooking of their well-known dinners.

EVENTS ALL DAY

Boys and Girls! Men and Women! There are events you'll enjoy participating in. From water events at the pool to track events at Hawthorne, find your age group and jump into the fun. They'll be bag races, water races, pie eating contest, horseshoes and more! Try your hand at the lake in the fishing contest. And don't miss a really neat parade, followed by the opening ceremonies. A high noon face off in the tug-of-war will get your adrenaline going and maybe your skin a little wet with water. The Amazing Nebo will capture your imagination with his magic. At the Awards Ceremony, 1st, 2nd, and 3rd place winners in the events will be presented ribbons. A square dance (plus round dancing) and slide show about Minerva Park cap off the day. Yes, there will be pre-school events too. See the schedule of times for the events in this Villager.

PARADE UPDATE

Plans are going well for the Parade that will be part of the 50th Anniversary Celebration on Saturday, September 8th. We are still waiting to hear whether we have a band or not. The votes are coming in fairly well for the Miss Minerva Park candidates, but I need to remind everyone that the deadline for the ballots is August 20th. Tom and Kate Fletcher will count the votes. Some concern was expressed that there wasn't a separate category for the teenagers; so we now have a ballot for the 13 to 18 year olds, Miss Teenage Minerva Park. Send your votes to me at 2753 Wildwood. One vote per family, per category.

The parade route will be as follows; line up on Maplewood by the playground facing north, proceed west on Lakewood, north on Cleveland Avenue, east on Woodley to Wildwood, around North Bay, east on Minerva Lake (picking up the Toy Band, kids with decorated bikes and wagons) and proceeding to Hawthorne School for the opening ceremonies. Children may decorate their bikes, tricycles, wagons, strollers or skateboards in any way they choose, but preferably something to do with the anniversary or something patriotic.

Good News! We are going to work on a community float on Saturday, September 1st at 2837 Lakewood from 4:00 to whenever. Everyone knows that a parade isn't a parade without a float; so please come and help. Our theme will be a huge birthday cake with a "50" birthday candle. Anyone who has ever worked on a float knows it can be a lot of fun; so give Cathy Bell-Moore 882-5577 or myself 891-0895 a call and let us know if you can help.

Jody Stahr 890-8819 is in charge of the Toy Band. If your child would like to participate, please call Jody as we are trying to acquire only the number of instruments needed due to lack of funds.

Anyone interested in being part of a DooDah section, let me know or even better just show up on Saturday, September 8th at 8:30

Parade line up will begin at 8:30. The parade will start at 9:00 sharp to avoid Cleveland Ave. traffic and to get to the Opening Ceremonies promptly as there is a full day of activities for that day.

If you have any suggestions or comments, let me know.

Lynn Eisentrott
Chairperson, Parade Committee

Despite the rainy and inclement weather, there has still been activity at the pool.

We got a big break for our 4th of July celebration with a beautiful sunny, warm day. This year it was decided to have a "free day" at the pool, with the thought in mind that it would result in many non-members attending and seeing for themselves what we have to offer. Our expectations were realized and there was an excellent turn-out. We are very optimistic that this will result in new members and guests for the pool. We were not so fortunate in regard to the weather for the Family Swim Night, but those that were there enjoyed the evening.

The second session of swim lessons began in July. Also, the Teen Dance was again scheduled. The Adult Sip 'n Dip was another feature during the month of July; so you can see that things were still going on at the pool - despite the weather.

Weather permitting, we have been having "Pool Aid" on the weekends, and we wish to thank our friends of the Pool for the baked goods donated for this operation.

The Annual Corn Roast will be held on Saturday, August 11th (rain date August 12th). There will be no auction this year. It was decided to grant a moratorium to our benefactors this year. However, we still are planning a full evening and know you will enjoy it. Ribs will again be prepared by Frank Simonetti, a resident of Lakewood Drive.

The menu will also include the usual brats, hot dogs, corn, etc. In addition to the roast, there will be a cash raffle, door prizes, fun and games for the youngsters, pie eating contest, bake sale, and some tentative plans are being worked on. Watch for your flyer containing all the information about the Roast, which will be distributed a few days before the Roast. If anyone wishes to volunteer to help on this event, we would be most grateful. If you would leave your name and phone number at the office of the Pool, we will contact you.

At the fiscal year meeting of the Pool there were three new members elected to the board. They are: Sue Herrett, Tom Shannon and Frank Simonetti. In addition to the newly elected members, the board consists of George Sidner, Pres.; Judy Cohen, Sec.; Dee Young, Tres.; Kathy Rosati; Steve Denz; and Helen Gale. If anyone has any suggestions, criticisms, or information relating to the Pool; please feel free to contact any member of the board or attend any of the meetings. The meeting dates will be posted on the bulletin board at the Pool. We wish to extend our thanks and appreciation to all who have supported the pool.

Also, we are pleased to announce that the pool will be open on Saturday, September 8th. This is at the request of the Minerva Park Celebration Committee. They have scheduled many events at the pool and there will be open swimming during certain hours for Village residents.
Dear Residents,

Although we didn't meet in July, we have not been idle. Civic Association raised approximately $1500 from the annual garage sale and with this money we plan to finish the blacktop walk around the lake. Also, we are purchasing 2 additional trash receptacles for around the lake in hopes of cutting down on the garbage in the area.

Anyone interested in being on the Civic Board should think about some positions that will be open in October, the time we have our elections. A community's Civic Association is a vital link to Northland Community Council and ultimately Columbus City Council not to mention the many other activities we sponsor. I would urge anyone with questions what responsibilities are, meeting time involved, etc. to please call me.

This is the pasta salad recipe we had requests for.

Italian Garden Salad
1 lb. medium shell pasta
2-3 large cloves garlic, crushed
2 cups cherry tomatoes, halved
1 large green pepper, chopped
1 medium onion, chopped
1 small can sliced black olives
pepperoni slices
1/4 cup parsley
2 T crushed oregano
2 T salt
1 T black pepper
1/2 cup grated Parmesan cheese, 3/4 largest bottle VIVA Italian salad dressing

Boil pasta and rinse in cold water. Add all ingredients, marinate overnight. Toss before serving.

** The key to this recipe is 1) do NOT skimp on the garlic and 2) use only VIVA Italian Dressing. (submitted by Jane DeCenzo)

Minerva Park CLASSIFIED

Person to act as clerk-secretary to the Planning and Zoning Committee of Minerva Park. Approximately 8 to 10 hours each week in addition to taking minutes at the Planning and Zoning meeting the 1st Thursday of each month. If interested, contact Jack Murray for more details 882-8558.

HAPPY BIRTHDAY TO...

Kathy Kelly on the 17th
Dave Blair on the 23rd
Jim Mussio on Sept. 3rd

I am sorry that the sum realized from the Book and Bake Sale for the benefit of Minerva Park Pool was not in the last Villager. This was because when I returned from vacation I found I had missed the deadline. Well, Good news is always worth waiting for, I guess.

We made $701.50 from the sale and this has been turned over to the Treasurer of the Pool. Again, the success of this sale was primarily due to the generosity and cooperation of the residents of Minerva Park and friends from outside the Village area. Thank you again.

ENSURE YOUR OWN SAFETY
- Ride defensively! Always look back before making any moves.
- Obey all traffic regulations, signs, signals and markings.
- Use hand signals to indicate turning or stopping.
- Don't make any sudden moves while in traffic.
- Always yield to traffic.
- Never hitch a ride to a car or truck.
- Don't carry passengers!

SAFETY EQUIPMENT ALL BIKES MUST HAVE
- A horn or bell
- Pedal reflectors
- A red rear reflector
- A white front reflector
- A light in front
- Red or colorless spoke reflector on the rear wheel
- Amber or colorless spoke reflector on the front wheel

COMMUNITY CORNER
