We Need Help!
All of the new park residents were contacted and invited to attend our last MPCA meeting held on January 12, 1994; there was a very good turn-out. During this meeting, both Council members and MPCA members introduced themselves, gave a brief description of the committee/activity they work on, and fielded any questions that were asked. The main purpose of this meeting was to try to get our new residents aware of and involved in our community activities. The MPCA is always in need of people to help chair a committee or volunteer time to help organize or oversee an MPCA sponsored activity. We need your help and ideas to help keep our community a fun and beautiful place to live.

Happy Valentine’s Day!
Village Council Meeting (Dec. 13, 1993)

General Topics
The meeting was called to order by Mayor Murray. Council went into a short executive session and then the entire council reconvened. Lynn Eisentrout made a motion to appoint Mike Riggins for the remaining month of Jack Murray's former council seat, with the term to end on 12/31/93. The motion was approved and Mike Riggins was sworn in by Mayor Murray.

Mayor Murray reported that Gordon Foods has filed a building permit for the southeast corner of Jordan Road and Cleveland Avenue. The application will need a variance from council for their parking. They will be 20 spots short of what is required in the code. They will also be asking for 3 curbs to be cut, one on Cleveland Avenue and two on Jordan Road.

The Concerned Citizens of Minerva Park Committee presented a letter to council. Tom Neuberger addressed the council regarding the ordinance they filed with the Village and that the committee has circulated a petition. Their committee is asking the council to repeal Resolution 93-11 and that Ordinance 4-93 not be acted upon. He suggested that the pool pre-sell memberships for next season's start-up costs and that repairs be paid for by private means.

Paul Hastings made a motion to repeal Resolution 93-11. The motion carried and the Resolution was repealed. Paul Hastings then made a motion to withdraw Ordinance 4-93. The motion carried after a tie-breaking vote by Mayor Murray and the Ordinance was withdrawn.

Lynn Eisentrout was asked to establish a committee composed of herself, Lee Rupp, Tom Neuberger, and Ray Knight. This committee will be charged with the finalizing of the ways and means to establish the specifications which will result in being able to solicit contractor bids to renovate the pool.

Committee Reports
Streets - None
Service - None
Finance - The bills were approved for payment.
Safety - Paul Hastings advised that he received brochures concerning DUI and they will be distributed with the next Villager.

Legislation - Resolution 93-8 was read for the third time and approved. The following new resolutions and ordinance were also read and approved:
93-12 A resolution authorizing the Mayor and Clerk Treasurer of the Village of Minerva Park to enter into contract with the City of Columbus to provide prosecution of certain cases before the Franklin County Municipal Court for the Village of Minerva Park, to repeal resolution 92-22 dated December 14, 1992, and to declare an emergency.
93-13 A resolution authorizing the Mayor to enter into a contract with the Franklin County Health Services in order to furnish for the Village plumbing inspection services and to declare an emergency.
93-14 A resolution honoring David Blair for his years of service as Mayor of the Village of Minerva Park.
93-15 A resolution to amend resolution 93-1 dated March 8, 1993, "Annual Appropriations Resolutions" by transferring certain monies within the General Fund and to declare an emergency.
93-16 A resolution to make appropriations for current expenses and other expenditures of the Village of Minerva Park, State of Ohio, during the fiscal year ending December 31, 1994, and to declare an emergency.
93-17 A resolution to transfer funds from the General Fund, Fire Fighting, Security of Persons and Property, Capital Account to the Emergency Medical Vehicle Fund and to declare an emergency.
5-93 An ordinance providing for the employment of Director of Law for the Village of Minerva Park; to repeal ordinance 14-92; and to declare an emergency.

Village Officials Reports
Lee Rupp reported that the Franklin County Engineers will host an Open House on the upcoming Cleveland Avenue project sometime during the week of January 10, 1994. They hope to hold it in one of the area churches.

Karl Garrabrandt reported that the squad will change to Columbus dispatching on 1/1/94. They will discontinue use of their 882-5678 phone number because they only receive a few calls per year. They will put an answering machine on that number, which will advise callers to dial 911. Karl will check with Ameritech for other options.
Pam Park-Curry reported that the trash removal contract is out for bids. Those that tender bids will be asked to come to the January council meeting to answer questions.

**Old Business**

Pam Park-Curry asked the council to consider the following for the playground: purchase a wooden play structure, take out iron gate, install soft swings, mulch under present swings, and make sure the swing is level. After much discussion, Pam Park-Curry made a motion to allocate $3500 to implement the specifications above and it was approved.

Several people commented on the fact that signs have been put up around the Park regarding the Pool issue and several have been taken down - on both sides of the issue. This activity should be discouraged.

**Special Council Meeting**

*(Dec. 21, 1993)*

A special meeting of the Minerva Park Council was called to order by Mayor Murray. The purpose of the meeting was to interview and appoint three new members to the council.

The following people were each interviewed on an individual basis: Mike Riggins, Kim Dooley, Dave Stahr, Pat Mangan, and Bob Landy. After the interviews, Lynn Eisentrou made a motion for council to go into executive session to discuss this personnel matter and the motion passed.

Council went into executive session and then reconvened. Pam Park-Curry made a motion to close nominations, which was approved. Paul Hastings made a motion for council to vote by written ballot and submit all votes to the Clerk-Treasurer for tallying and submit the tally to the Mayor. This motion also passed.

The top vote recipients as a result of the voting were Mike Riggins, Dave Stahr, and Bob Landy.

Bob Earl made motions to appoint Mike Riggins to replace Jack Murray to a term beginning 1/1/94 through 12/31/97, Dave Stahr to replace Andy McCabe to a term beginning 1/1/94 through 12/31/97, and Bob Landy to replace Bob Earl to a term beginning 1/1/94 through 12/31/97. All three motions were approved.

The new appointees will be sworn in at the January meeting.

**Minerva Park Records Commission Meeting**

*(Dec. 13, 1993)*

The Minerva Park Records Commission met for the first time on Monday, December 13, 1993, at the Community Building. It was an organizational meeting. The records that are currently on hand were reviewed and discussed. The first step of the process will be for each department (police, fire, clerk-treasurer, and planning and zoning) to review the records they have and then develop a schedule of retention, which will be reviewed by the commission. Assistance is available through the Ohio Historical Society.

The next meeting was held on January 10, 1994, at 6:30 p.m. Look in next month's VILLAGER for information on this meeting.

Almost 100 years have passed since the Minerva Amusement Park opened on May 15, 1895. Our gorgeous tree-lined streets and shady glens were originally planted to induce young couples and families to undertake the 40 minute trip from downtown Columbus. The ride was bumpy on unpaved roads if you took your own buggy, but you could splurge and ride the Columbus Railroad to the park for 15 cents.

Obviously, things have changed quite a bit since then. Minerva Park is now a residential community flanked by busy roads and intersections. Fortunately, the park still retains much of its character as a woodland garden. As we make our plans for our spring gardening, we might think about things we could do to keep Minerva Park beautiful.

For example, many of the original trees planted for the amusement park or by previous owners of lots have grown quite large and need to be thinned out. The Curry family of 2559 Lakewood Drive lost a massive silver maple in their backyard during the last big windstorm because it had grown too dense. The same story was repeated many times around the park. Although silver maples are no longer considered as desirable trees because of their brittle branches and root structure, the tree was large and beautiful. It provided a home for many birds and treefrogs -- who must surely miss it.

Thinning out large trees also helps to create more opportunities for sunlight to fall to the ground. Many of us in the village have gloomy areas in our yards that do not receive enough sunlight. Woodland gardens need areas of light as well as shade if they are to retain their beauty. The winter is a good time to take a close look at your trees to determine if their branches and crowns need to be thinned.

Other things to do this month:
- Look over catalogues of seed companies and order seeds to plant.
- While you are at it, order any new or replacement tools you might need from a gardening supply company, and drop off any tools that need sharpening at a hardware store. Same for the lawnmower. You won't have time to do this in the spring.
- Now is a good time to purchase new gardening books or read the one you meant to read last year. As

the freezing wind blow against the window pane, you can escape into fantasy thoughts of the perfect garden.
- Although it getting a little late, you might still find Christmas lights and decorations on sale at very reasonable prices. Plan on participating in next year’s Festival of Lights contest, even if its only just one window, tree, or doorway that you care to decorate!

Help Wanted
A Village resident interested in working for the Minerva Flora Committee. The work consists of watering, mulching, weeding, planting, etc. The pay is minimum wage, but the hours are flexible; an average of about 10 hours per week. Those interested should contact Wade Estep at 891-4887 prior to February 15th.

Pool News
Written/Submitted by Minerva Pool Board Members

At the November 1993 Council meeting, Village Council passed a resolution to form a Parks and Recreation Department and had a first reading on an ordinance to take over the operation and ownership of the pool. A petition was submitted at the December Council meeting requesting that this ordinance and resolution be repealed. A motion was made and passed by Council to rescind the actions taken in the November meeting.

Therefore, your Minerva Park Pool Board will open the pool for the 1994 season and we need your financial and physical help. In order to make the necessary repairs to get the pool through another season and to handle start-up costs, we are asking you to purchase your membership early this year and to consider making a tax-deductible monetary donation. We would also ask you to encourage your friends and family to join our pool. Ours is a safe, clean neighborhood pool with family events for all ages. Every parent should make sure their children learn to swim, and we offer reasonably priced lessons with certified instructors.

The pool has been self-supporting for 30 years, but now help is needed. Please help us to save this important part of our community by attending a neighborhood meeting on Sunday, February 13, at 2 p.m. in the Community Building. We will discuss what has been done to date and to establish plans on how to proceed. Please plan to attend with your ideas and input.

If you have any questions or comments, please contact one of the following Pool Board Members: Craig Buckingham, Wally Himelstein, John Liebold, Jill McIntyre, Randy Ryan, Tom Shannon, Scott Waite, and Jeri Wunderle.

The Minerva Park Time Capsule

Did you know ...

Upon its incorporation, Minerva Park contracted with Columbus for fire protection. In addition, a two-year fire contract with Westerville went into effect on January 1, 1941. A protection contract was signed with Westerville extending the coverage for three more years commencing on January 1, 1943. The Village paid the city of Westerville $50 per year plus $50 per call. The all-volunteer department at that time served Blendon Township.

The Village Council in December, 1944 appointed its first non-professional fire chief in the person of C.E. Metcalf. The first equipment purchased was a trailer with a 6-cylinder Chrysler motor centrifugal pump. In addition, there were several 100-foot hoses, a ladder, and an ax. These were made available to Minerva Park from the Civil Defense Council. The three-year contract signed with Westerville for 1946-1949 cost the Park $100 per year.

Minerva Park Squad Report

In the period November 27 through December 31, the squad made 209 runs; 33 runs into Blendon Township (excluding Minerva Park) and 10 into Minerva Park. 82 patients were transported to local hospitals. Members volunteered a total of 1962 hours, raising the total volunteered hours for the year to 19,194. This is up over 700 hours from our 1992 levels. Curt Gannon led all volunteers for the year, with 1230 hours. Curt was followed by Frank Meredith (1199), Jude James (909), Barry Brownstein (865), and Tom McClanahan (761).

The conversion to Columbus Fire Department dispatching occurred on January 6th. Resident's 9-1-1 calls have been rerouted. Residents are encouraged to use 9-1-1, rather than 882-5678, which has also been rerouted to Columbus (from Westerville) and will eventually be discontinued. Non-emergency calls should be made to 882-3375.

We have retained our fire phone line to Westerville to maintain rapid response to Blendon Township runs. Cooperation between all three departments (Westerville, Columbus, and Minerva Park) continues to be excellent during this transition.

The Firefighters' Association held its annual Holiday Dinner on December 16th. Frank Meredith was selected as Volunteer of the Year, with Troy Elmore selected as "Rookie of the Year." The January training meeting covered geriatric emergencies, as well as the new dispatching procedures.

Six Steps to Financial Security

Many people find it difficult to achieve long-term personal financial success, even well-compensated executives, professionals and business owners. While they should be achieving a level of financial security others envy, their primary focus may be on professional or business needs.

The following six steps are intended to put you solidly in control of your finances:

1) Pay Yourself First.
Each month transfer a set amount from earnings to savings or investments. A monthly investment of $1,000.00 earning 8 percent interest will grow to over $180,000.00 (less taxes) in just ten years.

2) Reduce Consumer Debt.
Avoid high credit card finance charges by paying off balances due monthly or, if you must carry a balance, using only cards offering low finance charge rates.

3) Diversify Your Investments.
Spread your risk among many investments, including mutual funds, stocks, bonds, and real estate. Conservative savings plans, such as annuities and life insurance, can reduce much of the risk associated with variable return investments.

4) Profit from Tax-Deferred Savings.
If you qualify, contribute to an IRA, 401(K) plan or other plan offering tax-deferred investment to help fund your retirement.

5) Bring Your Estate Plan Up-to Date.
Have a will and any trusts reviewed by a lawyer. Have your insurance agent check your current life and disability policies and your need for any new insurance.

6) Set Long-Term Financial Goals.
Work within three time frames, setting one-year, three-year, and ten-year goals. Evaluate your progress each year and make adjustments as appropriate to achieve long-term success.

Make a commitment now to start this planning process. Your personal financial future deserves your full attention.

Mayor’s Corner
Contributed by Jack Murray

We are starting the New Year with three new members of our legislative body. These new members have been residents of the Village for varied lengths of time and come from different backgrounds. However, all have a keen interest in the Village and have pledged to provide us with the necessary leadership to make this a pleasant and safe place to live.

We will sorely miss Mayor David Blair. He was a very dedicated and conscientious Mayor until his health dictated that he should retire. I still consult with him on many Village matters and benefit from his wisdom and experience.

Council meets on the 2nd Monday of each month, so come visit and tell us how we can improve things (short speeches only, please).
