Minerva Park is proud to recognize its Police and Volunteer EMS.

Our EMS group is ... (pictured left to right) Brian Horton, Tonya Crenshaw, Craig Phillips, Heather Vekasy, Tina Quinn, Lisa Wilson, Lt. Greg Norton, Tony Williams, Doug Mohl, Norm Jones (kneeling), Andrew Crockett, Jon Packer, Lori Jenkins, Lane Berlin, Chief Rick Hoechstetter, Paula Inskeep, Lizabeth Stetz, Lt. Tim Lockard, Dave Green, Dean Prosser, Tom McClanahan, Barbara Miller, John Adair, Lt. Kal Dworkin, Tony Ruggles, Lt. Wayne Miller, Lt. Mike Ostrander.

Not pictured ... Laura Biederman, Scott Burns, Colin Chong, Aubrey Dudra, Adam Figueroa, Tony Huffman, Brian Hupp, Paul Lamb, Amber Murphy, John Rains, Mitch Robinson, Juanita Smith, Jared Speakman, Jason Sutermaster, Angie Wippel.

Because this newsletter is posted on the internet, our police officers are not named here in deference to their safety.

Stop by the Community Building and see the tribute to these two fine organizations. •

MPCA News

Scholarship

MP high school seniors who graduated in 2005 are eligible to win the Nancy Fischer Memorial Scholarship. This $250 scholarship is awarded annually to deserving Minerva Park graduates. The deadline to submit an application and a short essay is October 30, and the scholarship will be awarded at the November MPCA meeting. For further information or to obtain an application, please call Bob Gale at 882-8622.

Garden Award

The Minerva Park Four Season Garden Award will be judged in mid-October this year. Criteria include overall appearance, design, color, variety of plants, curb appeal, and backyard planting. If you want to be a judge or want to submit a nomination, please call Bob Gale by October 7 at 882-8622.

Minerva Flora News

The MPCA thanks residents Sharon Bierman and Don Leman for their gracious donation of hostas. Four large plants were recently split and planted on the south side of the bridge near the dam. If YOUR landscaping could use some thinning, please call Bob Gale at 882-8622 to share your plants with the Village.

MPCA Citizen of the Year, 2004

Congratulations to resident Janet Kohn, the 2004 recipient of the Community Association’s Citizen of the Year Award, known affectionately as the Duck Award. For several years, Janet has unselfishly donated her time to assist the MinervaFlora Committee and help with the annual Community Association Membership Drives. Pictured are Gretchen Persohn (MPCA Secretary), Lisa Thitoff (MPCA Vice President, Newcomers Co-Chair, and Children’s Committee Chair), Janet Kohn, Bob Gale (MPCA President) and Marilyn Herboltzheimer (MPCA Membership-Dues Chair).

For a Howling Good Time

Annual MPCA Halloween Party
Sunday, October 30
2:00p - 4:00p
Community Building

Fall & Halloween crafts, snacks, candy (bring a Trick or Treating bag), Mad Science Show entertainment, pumpkin carving contest (bring your pumpkin for the Mayor to see), wear your best costume! As always, we can use some volunteers and some bakers. Please call Suzanne Coulter at 891-7346 or Lisa Thitoff at 891-2166.
We are all still reeling from the devastation left by recent hurricanes, and our hearts go out to the displaced victims of Louisiana, Mississippi, and Texas. **Minerva Park residents, Hawthorne Elementary School**, the **YMCA**, and **St. Paul’s St. Vincent de Paul Society** were overwhelmingly generous with donations of clothing, non-perishable food, and cash contributions for Hurricane Katrina victims. **Denise Morrison**, a Wildwood Road resident, spearheaded a toy drive, and **Innskeep Printers** printed flyers at their own expense. Many thanks to **Bethany and Karl Freudenrich**; their friend **Susan**; **Erica Dailey** and her **Women’s Group**; **Sarah and Kate Yarano**; **Riley, Colleen, and Kerrigan Morrison**; **Marie Baldasarro**; and **Craig and Jen Phillips** for their generous donations of time and money. My eldest daughter, **Sarah**, a Red Cross Trained Disaster Relief Worker, and her friend **Lauren Morris** transported these items to the Dallas Reunion Arena for distribution (photos on page 11).

Congressman **Patrick Tiberi** has co-sponsored and recently introduced **HR 3452** in the House of Representatives. This piece of legislation will amend IRC 6103 to allow municipal income tax agencies such as the **Regional Income Tax Agency (RITA)** to engage in an exchange of information with the Internal Revenue Service. This will enhance our and RITA’s ability to effectively enforce our income tax ordinance and address those taxpayers that fail to file and/or pay municipal income tax.

As a follow-up to last month’s Mayor’s Report on the **Reverse 911 system** ... The Council, Clerk-Treasurer, Police Chief, and I viewed a presentation at the monthly Council work session to further consider the merits of implementing this system. It will enhance the Village’s ability to reach residents in case of an emergency.

There is a new person in charge of the **independent living facility** on Lakewood Drive—the Chief Operations Officer with Consumer Support Services. She has pledged to address some of the ongoing issues, primarily noise levels and personnel. She and I should be meeting sometime in October to assess the situation.

The **golf course** owners and Joshua Homes continue the negotiation process and are keeping the Village informed.

There will be a **1.9 Mill Replacement Levy** on November’s ballot. This is, as the title suggests, a replacement of a tax that has been in effect since 1980, amounting to $0.19 for each $100 of valuation, with a duration of 5 years. Revenue generated from this tax is for “current expenses,” such as trash hauling ($74,000/year), leaf pick-up ($19,750), Police ($396,000/year), Fire/EMS ($17,000), etc. We appreciate your past and continued support of this tax issue.

There were five Council members present at the regular Council meeting held September 12. Don Champney was absent because of illness.

The following departmental reports were made:

**Police** - Chief Hillard was on vacation. There has been more vandalism at the playground.
and near the earthen dam. Foot and bike patrols will be increased.

EMS - Chief Hoechstetter reviewed his monthly report. He conducted the Drug-Free Workplace Program training class for staff and volunteers on September 11. A 1-hour module of that program about "club drugs" may be offered separately to the public if there is enough interest. It explains the popular drugs and how to detect their usage. Please call 882-5743 with your interest.

Engineer - Mike Flickinger reported that the Ohio Public Works Grant Application packet for the 2006 Street Improvement Project has been submitted to MORPC. Many thanks to the residents who submitted testimonial letters to be included in the Supportive Documentation Section of the OPWC grant application.

Legal - Alternate legal counsel Kerry Boyle introduced himself but had nothing to report at this time.

Planning & Zoning - Code Enforcement Officer Dick Busick reviewed his report and the progress being made with code violations.

Community Association - MPCA Vice President Lisa Craddock-Thitoff reported that the Founders Day celebration was quite successful. The Children’s Halloween Party will be held Sunday, October 30, from 2:00p to 4:00p.

Swim Club - Board member Lisa Craddock-Thitoff reported that the pool has continued to have a good season primarily because of the large volume of walk-in business.

The following committee reports were made:

Community - Councilwoman Sharon Bierman had nothing at this time.

Finance - Councilwoman Pam Park-Curry asked for approval of the warrants paid in August, totaling $63,906.86.

Legislation - Councilwoman Pam Park-Curry asked the Council to consider the following legislation:

Resolution 2005-18 - Authorizing the Mayor and the Clerk-Treasurer to enter into contract with Lisa A. Pride for the auditing services of the BMV records for January-December 2006. Second reading accepted. Remember, when getting or renewing your license plates, tell them you live in Minerva Park. When you do, some of that motor vehicle money is rebated back to the Village!

Resolution 2005-20 - To accept the amounts and rates from the Franklin County Budget Commission. Rules suspended, three readings waived, passed as an emergency.

Resolution 2005-21 - To make
Leaf Pick-up

Minerva Park will begin its leaf collection program as soon as the accumulation justifies a pick-up and will continue through December 6. It may be extended by one week if inclement weather interferes.

The Village has been divided into five areas that determine the order of leaf pick-up. Please keep in mind that it takes approximately 6 days to sweep the entire Village, as long as the weather cooperates. So, regardless of where your home is located, you can expect a leaf pick-up every 6 days (weather permitting) or even sooner as the volume of leaves begins to taper off. The pick-up will occur in the following order by area:

Area 1 - Minerva Lake Rd., Valley Rd., Farview.
Area 2 - Lakewood, Maplewood, Alder Vista, Lakeland Ct.
Area 3 - Wildwood, Elmhurst, Westbridge, Woodley, Cardinal Ct., North Bay.
Area 4 - Jordan, Park Lane Dr., Park Lane Ct.
Area 5 - Ponderosa, Carlton Ct., Kernwood, East Shore Dr., North Lake Ct., East Shore Ct., Berry Lane Ct.

Leaf Collection Tips:
- No foreign materials, please, such as brush, twigs, or grass clippings. Objects such as stones, bricks, or large rocks can cause severe damage to the vacuum collection equipment. Please be a responsible neighbor and keep your curb and street area free of this debris.
- Rake leaves to the curb area only – not into the street. Leaves left on the grass may cause discoloration, but yellowing is not long-term and grass recovers quickly.
- Leaves placed in the street become wet and may block storm sewers.
- Refrain from on-street parking during scheduled collection weeks. Collecting leaves from behind parked vehicles significantly inhibits our ability to provide timely pick-up.
- If you live on a cul-de-sac or circle, please park in your driveways, so the leaf collection machinery can navigate the tight turns on the street.

We hope you all enjoy the wonderful changing of the seasons!

Dave Stahr, Service Chair
Tim Rannebarger, Leaf Collection

appropriations for the expenses and other expenditures of the Village during the fiscal year ending December 31, 2005. Rules suspended, three readings waived, passed as an emergency.

Safety - Councilman Chuck Gibson reported that he intends to schedule a Safety Committee meeting with Chief Hillard and Chief Hoechstetter to address the needs of the two departments.

Service - Councilman Dave Stahr reported that he has received only one proposal for this year’s leaf removal—from Tim Rannebarger for $19,750. The contract was approved and awarded to Tim Rannebarger.

Streets - Councilman Ron Yarano reported on the following projects:

There is an extensive punch list associated with the 2005 Street Project that will have to be completed before full payment will be made to Strawser.

The alley behind the Cleveland Avenue businesses ... He had asked for approval of up to $5,000 at last month’s Council meeting, but the proposals have been higher than expected. An amount closer to $7,500 is needed to complete the project. In separate motions, $2,300 was approved for surveying the alley, estimating the clean-up, and ascertaining the boundaries of the alley and up to $4,000 for the clean-up and gravel.

Old Business - Chuck Gibson was appointed to be the representative to the Planning & Zoning Commission from Council.

New Business - October 31, 6:00p to 8:00p, was designated as Beggars Night.
Clerk-Treasurer's Report

Drug-Free Workplace

By Fire Chief Rick Hoechstetter

In compliance with Workers Comp—and for a potentially substantial discount on our Workers Comp payments—the first Drug-Free Workplace program was held for Village staff, police, and fire department members on Sunday, September 11, at the Community Building. The program outlined the Village’s policies concerning the use of any mood-altering drug in the workplace. Under the Village’s zero-tolerance policy, testing will now be done after all accidents, before any new employee is hired, and in cases of reasonable suspicion. The intent of the program is to both clearly state that we will maintain a completely drug-free workplace and to offer treatment to any employee who has a drug problem.

The program also discussed most of the drugs that law enforcement has reported seeing, including the group called the “club drugs.” Drugs such as GHB, Ketamine, Crystal Meth, and Ecstasy are fairly recent developments now seen regularly in schools and other meeting places, and are even more dangerous and addictive than some of the older drugs. These drugs also involve new paraphernalia because the side effects are significantly changed.

All meeting attendants signed an agreement stating that they will comply with the Drug-Free Workplace policy.

A second meeting will be held in October to include all employees who were not able to attend the first meeting. The hour-long “club drug” presentation may be offered separately to the public if there is enough interest. The information will help parents and youth increase awareness about drugs and recognize the subtleties of drug paraphernalia and effects of drugs. For more information, contact the Village offices at 882-5743.

Because we are working in Minerva Park this month, the price for installing LEAFSOLUTION® is $1,440 for a 1-story, and $1,915 for a 2-story, average size home in Minerva Park. Almost all the homes in Minerva Park will qualify for this special price.

Drain Brains, LLC, the name Columbus has grown to know and trust, has now expanded our services to gutter guard installation. Like our drain cleaning, we guarantee the absolute best job (don’t just take our word—look us up on Angie’s List—your neighbors are raving about us).

We do not install gutter screens, helmets, toppers, or 1-piece enclosed gutters. We install a system that allows 100% of the water in (unlike other systems), yet does not allow even a single grain of sand to pass through (the screens you see at stores are more trouble than they are worth—they require removal and constant cleaning, because they still become clogged with helicopters, whirlybirds, etc.). We invite you to view our system at www.leafsolution.com. We are an authorized dealer.

LEAFSOLUTION® comes with a 20-year warranty. The LEAFSOLUTION® company has been in business since 1982, and your warranty is backed by a very strong NATIONAL company.

How much are competitor’s products?
The competition prices their products normally in this area at about $2,500 for a 1-story and $3,500 for a 2-story. This is NOT why you should purchase the LEAFSOLUTION® system—you should purchase it because it is absolutely the best system out there. With large rains coming soon, it is comforting to know that while you sleep, work, or vacation, your gutters will not clog.

Why is your company able to offer such a huge discount this month?
We install in one area every month to cut expenses. Drain Brains, LLC does not have salesmen. Everything from the demonstration to the install is done by the owners. You do not pay for layers of overhead, yet you benefit by having the absolute top product backed by a NATIONAL company. You need to call IMMEDIATELY (as in now) — because of our “A” ratings on Angie’s List, and our flawless record with the BBB, we book up very quickly.

What are the benefits of having clean gutters? Does it really Affect anything?
The #1 reason for mold is water build-up from around the roof. The biggest reason for basement leakage is normally NOT the basement—it is the water not being properly diverted. When you do not have a basement, the problem can be more acute—water seeps in the bottom of the slab, causing build-up of mold. It is much cheaper to keep your gutters flowing than pay for mold remediation or waterproofing.

Who needs this done?
If you have gutter screens, they probably drive you nuts after storms—pulling them in & out and their falling. If your gutters are naked, they constantly need attention to properly divert water, and if you are not giving them constant attention, you are likely slowly accumulating mold and rot. Obviously right now is the time to get this system, with the huge storms coming in the next few weeks (remember last year). If you ask your neighbors, most of them do have some type of gutter guards in Minerva Park (the beauty of the trees is great, but the downside is what they do to your gutters and drains). If you ask most of your neighbors confidentially, you often will find they spent over double for very inferior products.

Why can’t I install this myself?
LEAFSOLUTION® is not sold at stores. The products you find at stores are jokes—don’t believe what we are saying! Have us show you a demonstration.

How do I schedule the work? What if I have questions?
You need to call us immediately to schedule. WE BOOK UP VERY QUICKLY! Call our cell at 560-7710.

COUPON
The first 3 installations (normally goes within 4 days of an ad publication) in Minerva Park will receive an additional $150 off.

Canoe Class on the South Lake
By Jennifer Thurmond

On Sunday, September 11, Columbus Outdoor Pursuits (COP) and Minerva Park residents enjoyed a leisurely paddle on the lake. Experienced paddlers, COP members, and Minerva Park residents Keith Finn and Jennifer Thurmond helped as volunteers to give paddling instruction. John Lane and Toni Hartley, COP volunteers, were trip leaders for the event. Rick Hoechstetter, Minerva Park Fire Chief and COP member, joined in the fun with his son, paddling recreational kayaks. Several Minerva Park residents stopped by to paddle the boats and explore the lake. Everyone enjoyed the relaxing experience and expressed interest in having additional events.

Columbus Outdoor Pursuits is a non-profit educational organization with emphasis in the out of doors. Events, trips, and training are organized for canoeing, kayaking, bicycling, caving, hiking, backpacking, winter sports, and climbing. For more information about the organization, please visit its website at www.outdoor-pursuits.org or call 442-7901. Memberships are available for individuals and families with low-cost rental of equipment to members.

Trees of Minerva Park Appreciation
By Greg Wittmann

We invite all of our residents and neighbors to let the naturalists know what trees in our neighborhood hold memories for you. Give us your stories about any of the trees you have grown fond of, whether in the last couple of years or whether as a child growing up in the neighborhood. These trees could be your own or someone else’s. Send your short stories or anecdotes to Greg Wittmann at 2543 Lakewood Dr. or send an email to wittmannfamily@wowway.com.

Candidates Night

This year, the MPCA will not host a Candidates Night in anticipation of the November election ... for 2 reasons: there really isn’t much on the ballot to warrant a get-together, and the lack of volunteers hampers having as many activities as the MPCA would like. If you would like to give of your time to help keep your community a great place to live, contact MPCA President Bob Gale at 882-8622. Nonetheless, look for the special Villager voter’s issue next month, outlining Minerva Park’s ballot.

V is for Victory

Many residents are unaware of the outstanding victory that Minerva Park High School students and parents recently won. Until this year, the Westerville City School bus picked up and dropped off high schoolers at the gas station on the corner of Woodley Road and Cleveland Avenue and also in the Gordon Food Service parking lot.

This time of year, with the long days and mild temperatures, the route may seem acceptable, but consider this: students are picked up before 7:00 in the morning, which for most of the year is in darkness; there is no sidewalk from Wildwood to GFS, which is a particular problem when snow is plowed in the walking path, forcing kids to walk in the street. Parents with students as young as 14 believed strongly about the busing arrangement and made many calls to the Westerville Transportation Department. The department was unwilling to change the route, stating it would be too time consuming to drive into the Village. Looking for a bigger voice, parents asked Mayor Eisentrout for help. With a letter written and signed by affected parents, Mayor Eisentrout went to George Tombaugh, Westerville Schools Superintendent, and advocated for Minerva Park parents, asking for a safer bus route to keep the students off of Cleveland Avenue.

I am happy to report that this year high school students are being picked up and dropped off at the corner of Woodley and Westbridge, safely away from busy Cleveland Avenue. This article is to express gratitude to all residents who worked to make a change and to Mayor Eisentrout for being our advocate. When a community comes together, victories happen.
