On April 25, nearly 70 volunteers gathered to tidy up the lake areas, the dams, the playground, the Community Building, and the ravine. Three extra large dumpsters were filled with brush and other debris, and a chipper made mulch for flowerbed use.

Special thanks go to Desales High School, Otterbein College, and Westerville South High School for transporting helpers. Thanks to everyone who participated (these names were taken from the sign-up sheets): Mary & Keith Allenbach; Jeremiah Arn; Sarita Avery; Dick Busick; Zoe; Jakob, & Emaleigh Caydill; Don Champney; Scott Cloud; Natalie Cole; Lisa Craddock-Thitoff; Linda Crandall; Gerry Demoulin; Wesley Easterlin; Lynn & Sarah Eisenboudt; Larrie Foster; Bob Gale; Miriam Hayes; Rick Hoechstetter; Rebecca Hughes; Megan Johnson; Kerri Kaderly; Scott Keenan; Ryan Kincaid; Janet Kohn; Amy Law; Charles Legg; Don Leman; T.W. Lynn; Amy Macynski; Rachelle Maki; Travis Matson; Chris McCracken; Nickaeh McKendree; Chris Miller; Andy & Glenda Morris; Mike Pajak; Pam Park-Curry; Anita Priyada; Jeff Rigg; Howard Rosenzweig; Larry Russell; Shann Rute; Sara Schumacher; Meil Seggerson; Susan, Matthew, & Sydney Shapiro; Stephanie Sherburn; Rex Shoemaker; Bryan Stehmeyer; Jeff & Michele Stokes; Kristin Suttan; Amy & Mike Szlapak; Steve Thitoff; Kyle Thompson; Jennifer Thurmond; Sid & Bonnie Townsend; Sarah Valero; Lori & Gunnar Vogel; Debra, Rick & Erin Walsh; Todd Walter; Greg Wittmann ... and Dave Way, for organizing a successful event. •

MAYOR’S REPORT

Lynn Eisentret

My apologies in advance for the brevity of my report to you this month. The deadline for the Villager was a little bit earlier in an effort to have the newsletter delivered to your homes in a timely manner with the May 5 voter information.

Pool: Our Renovation Project is nearly completed. The floor has been capped, seams repaired, the new concrete for the deck poured, and the grounds seeded. All that remains is the pool to be painted and a few remaining items on the punch list. The Discount Membership Drive was very successful - more than $33,000 was collected and 193 members signed up. Memberships continue to be received by the Clerk-Treasurer's office via mail and in person. With the warmer weather, there seems to a lot of excitement and anticipation (especially from the children) for the pool to open. With Council support, I would like to include installation of the slide in the next ODNR application (due February 2010). In the meantime, we will apply for the necessary permits and submit the drawings for the permit applications; these costs can be included in the 2010 ODNR grant application. Other items that likely will be included are replacing the remaining deck around the pool and near the vending-eating areas and remedial work or replacement of the baby pool. More on this later.

Citizen Comments: Despite monthly reports to the contrary, a resident expressed concern that the zoning code was not being enforced (specifically trailer, boat, a bus, and campers) and that, when it was enforced, it wasn’t consistent. The Council assured him they were appreciative of his comments and were committed to reviewing the ordinances and working with Zoning to ensure uniform enforcement.

Councilman Todd Walter and Clerk-Treasurer Suzanne Coulter were excused from attending the Regular Council meeting held April 13. All other Council members were present.

Guest Speaker: Lisa Bower, Certified Urban Forester from the Ohio Department of Natural Resources (ODNR), spoke to several issues - becoming a Tree City USA, assessing existing trees and compiling tree inventory data, a tree replacement program, grant funding opportunities, historical tree programs, and establishing an advisory committee to work in tandem with the Village government.

The following reports were made:

Police: Chief Bob Hillard reported that the new MDTs have been installed in the three cruisers. The federal grant that was submitted eight months ago (and approved) for four portable radios and accessories yielded only two. He has written a letter requesting the two additional radios he had initially requested and will keep us informed. He and Councilman Dave Way are working together in preparation for the Children's Safety Day.

EMS/Fire: Chief Rick Hoechstetter reported that the EMS vehicle's front tires have been replaced. He has received a letter soliciting "helicopter insurance" - additional insurance coverage in the event an individual is transported via MedFlight or any other helicopter/medical transport. MedFlight's position is that this is unnecessary and expensive.

Engineer: Mike Flickinger commented on his company's (Ch2M Hill) role and expertise in assisting the Village's sewer overflows and correcting them to comply with EPA's Director's Findings & Orders - information gathering and preliminary research (utilizing existing data from past smoke testing and sewer line inspections).
televising, for example), as well as the required new, additional information. Once an amount “not to exceed” is approved by the Council, efforts will be made to determine the best utilization of these funds to begin compliance efforts. Establishing a project schedule to be submitted for EPA approval is the first step. A staff member out of Kansas already has a pretty good idea of our situation, is considered an expert in this field, and has worked with the EPA throughout the country. This will be discussed at a future Finance Committee meeting and at the May Council meeting.

**Legal:** Kerry Boyle responded to a resident’s question about the minutes. Council minutes need not be verbatim; only an accurate accounting and reflection of what is said and discussed at the meeting.

**Planning & Zoning and Code Enforcement:** Dick Busick reviewed his monthly report. Residential - wrecked and inoperable truck, an unlicensed and inoperable vehicle, a car up on blocks, a trailer, trash and equipment, and piles of leaves at separate properties have all been addressed and remedied. Commercial - trash disposal behind all shopping centers is being monitored, damaged fences, and parking are being addressed.

**Minerva Park Community Association:** Councilman Dave Way reported that the Easter Egg Hunt was a success with about 40-45 children in attendance. Family Fun Night will be held at the pool June 27, Founders Day will be July 25, the Wine & Cheese events will be July 11 and August 18. A plan for landscaping the Community Building flower beds was discussed. Council approved an expenditure not to exceed $400 from the Village’s Parks & Recreation Fund for 10 cubic yards of soil (4 cubic yards for the playground areas and 6 cubic yards for the flowers beds around the Community Building). An additional motion not to exceed $1,300 from the Mary Yost Fund was approved for perennial plantings around the Community Building.

**Northland Community Council:** Don Champney reported that the Farmer's Market will be returning in July to the Columbus Square. NCC is asking for help with the Fourth of July Parade. Approximately 140 people attended the Banquet in March. April's Route 161 Clean-up was very successful.

The following committee reports were made:

**Community:** Councilman Dave Way reported that Lake Clean-up preparations were underway and Children's Safety Day will be June 7. He asked the Council to increase his budget for this event from $350 to $450 (added cost of renting a popcorn machine). The MPCA Kids’ Council will be providing the music.

**Finance:** Council President Pam Park-Curry received approval for March expenditures totaling $81,154.51 and for the Fund Summary. A Finance Committee meeting was scheduled for May 4.

**Legislation:** Councilwoman Bierman asked the Council to approve the purchase of Court software for the Village Mayor’s Court for an amount not to exceed $11,000 ($9,100 purchase price with a $1,365 maintenance fee) from the Baldwin Group. This includes a 1-year license and maintenance and training for four staff members. This funding is coming from the existing Minerva Park Mayor’s Court Computer Fund that has been receiving contributions for many years from revenues generated from our court in anticipation of purchasing this much-needed software package.

**Resolution 2009-08** - Authorizing the Mayor and the Clerk-Treasurer to enter into license agreements for Mayors Court software and declaring an emergency. Rules suspended, three readings waived, passed as an emergency so as to be effective without delay.

**Resolution 2009-02** - Establishing a new pay schedule for the Clerk of Courts and declaring an emergency. Rules suspended, three readings waived, passed as an emergency so as to be effective without delay.
We want to welcome you to FAITH LIFE FAMILY CHURCH. We are a church where God is training His people to live successfully in Him. FAITH LIFE FAMILY CHURCH is a place where you can come, no matter your situation, and meet a God who will elevate you to a higher level of living. You will hear the word of God taught with an opportunity for practical application in your everyday life. You will meet a God who says nothing is impossible for them that believe!

Ordinance 01-2009 - Establishing the position of office assistant and declaring an emergency. Rules suspended, three readings waived, passed as an emergency so as to be effective without delay. Note - this ordinance formalizes the position of office assistant and is different from the occasional or temporary help the Village might sometimes require.

Resolution 2009-03 - Establishing a range of hourly pay for office assistant(s) and declaring an emergency. Second reading accepted. Rules suspended, third reading waived, and passed as an emergency so as to be effective without delay.

Resolution 2009-06 - Authorizing the Mayor and the Clerk-Treasurer to enter into contract to provide vending machines at the Pool for the 2009 pool season and declaring an emergency. Rules suspended, three readings waived, passed as an emergency. Note - this resolution was passed as an emergency to ensure that the contract was in place to secure the machines early enough for the pool Opening Day.

Resolution 2009-07 - Authorizing the Mayor and the Clerk-Treasurer to enter into contract for General Liability Insurance. First reading accepted.

Safety: Councilman Todd Walter was excused. In his absence Mayor Eisentrout and Councilwoman Sharon Bierman reported that the Rank and Merit pay for the Police Department and EMS Billing was discussed at the Safety Committee meeting held in April. More on this later.

Service: Councilman Kent Stanley has contacted the Ohio National Guard in an effort to see if they can assist in any clean-up efforts with the north lake through their Training Opportunities Program (TOPS). They have recently returned from Iraq, so they are unable to offer any help at this time.

Streets: Councilman Jeff Rigg has discussed the upcoming pothole repair project with our Engineer. He has asked the Council to tour the Village and inspect the streets to determine those in most need of repair work (mill & fill). There will be a joint Finance - Street Committee meeting on May 4. •
Auto Maintenance

- Automobile fluids from leaks or maintenance changes are another source of water pollution. Each year, American dump enough used oil in landfills to equal approximately 13 spills the size of the Exxon Valdez spill in Prince William Sound! Even more of this oil finds its way into our water. Never put used oil or other chemicals down storm drains or in drainage ditches. One quart of oil can contaminate up to two million gallons of drinking water.

- Clean up spilled brake fluid, oil, grease, and antifreeze with kitty litter or other absorbent material. Do not hose them into the street where they can eventually reach local streams and lakes.

- If you cannot have your car’s oil or antifreeze changed at a commercial facility, be sure to carefully collect all of the used oil or antifreeze in a proper container with a tight-fitting cap, and deliver it to a service or recycling center with the oil filter. Call the Ohio Environment Hotline at 1-800-CLEANUP for the nearest collection center for your used automotive fluids or contact your local solid waste management district.

- Wash your car only when necessary. Use a bucket to save water. Wash your car on a grassy area so the ground can filter the water. Or go to a commercial car wash that uses water efficiently and disposes of runoff properly.
