### MPCA Mother’s Day Flower Sale

Get ready for spring and support your Community Association with this MPCA fundraiser.

**Deadline** - Please have all order forms and payments inside the slot in the front door or in the black MPCA mailbox (inside the Community Building) by April 21. Make checks payable to “MPCA” or “Minerva Park Community Association.”

**Pick-Up** - Plants will be available for pick-up at the Community Building on May 8 at 1:00 p.m.

**General** - Plants are based on availability. We will call you if substitutions become necessary. Contact Lisa at 891-2166 if you have any questions.

**TOTAL**

*Proceeds from the sale of the vegetables and herbs will be donated to the Green Team, a group of MP private citizens who strive to create an environmentally-friendly village.*
The Village is in need of Street Reps to help get information to residences of Minerva Park. This is to enhance the sense of connectedness people feel with their neighborhoods as a means to increase community pride and a feeling of sense of place. If you can help, please call Bonnie Townsend at 890-2427.

MPCA News

From Your MPCA President

Now we welcome spring. The mergansers are back on the south lake, the geese have coupled up, and the hosta, lily, and the scalloped green/lavender leaves of my cumbine are popping out of the ground. The days are getting warmer and longer.

We on the MPCA are preparing for a busy spring and summer. Our first pie sale has gone remarkably well, and I expect we will do one again at Thanksgiving. Kudos to Sharon Bierman for the great idea, Dave Way and friend Dana for the flyer, and a big thanks to Sara Schumacher for stepping forward to help out in a difficult situation.

Our 2nd annual flower sale takes place this month, expanded to include veggies and herbs. Fill out the order form on page 1 and get those orders in to us.

By the time you get this issue, the children’s Easter Egg Hunt will have taken place. Thanks to Glenda Morris and Becky Roberts and all their egg-stuffing helpers. Bob Gale and the MinervaFlora team will be busy working in the garden beds, and we look toward the summer and all of our usual events in addition to our new music series, spearheaded by Sid Townsend.

With all of the events going on, we are always looking for people to help out and have fun with us. Please call me at 891-2166 if you can help.

Have a great spring!

Lisa Craddock Thitoff
MPCA President

Easter 2010

Our Easter bunny greeted nearly 70 children and their families, posed for pictures, and even did a little dance from time to time. All of the children got a basket full of plastic eggs with candy, an Easter drinking cup, and a prize of various kinds. The many happy faces were the best part of the day, and the hunt seemed to be an overall success.

This event was a team effort, and we appreciate Becky Roberts and niece Haley, Gigi and Lori Howard, Jamie Thitoff, Spencer and Andy Morris, Cristine Curry, Bonnie Townsend, and Glenda Morris for their contributions to a successful event.

Welcome

The MPCA welcomes Matt Danzuso to Village Council, the newest member of Council. He can be reached at mp-danzuso@minervapark.org.

Greeting New Residents

Your Community Association is looking for someone to greet new residents. Please contact Bonnie Townsend at 890-2427 if you are interested.

Street Reps

The Village is in need of Street Reps to help get information to residences of Minerva Park.

This is to enhance the sense of connectedness people feel with their neighborhoods as a means to increase community pride and a feeling of sense of place. If you can help, please call Bonnie Townsend, 890-2427.

YOUR Turn to Help

MinervaFlora Clean-up, Saturday, April 17, 9a
Lake Clean-up, Saturday, April 24, 8a-noon
Noon cookout for lake clean-up workers

Please bring labeled rakes, clippers, chain saws, gloves, etc., and join us at the Community Building.

Bob Gale - 882-8622
Matt Danzuso - 256-9033
With the warmer weather fast approaching, we have begun preparations to open our pool - landscaping efforts and event planning have begun, and a first reading by the Council to contract with our vending machine company. Efforts to bring in more memberships have included sending flyers home with neighborhood school students, mailings to past members, and distributing membership information to surrounding neighborhoods via civic association newsletters and their web sites. There will be a 20% discount Membership Sign-up Day on Sunday, April 25, from noon to 5 p.m. at the Community Building. Please call us at 882-5743 or email me at mayor@minervapark.org if you have any questions about becoming a pool member.

There was quite a bit of discussion and anticipation last pool season of adding a new giant slide this year, which has proven premature. The owner of the school who was donating this slide to us had agreed to store it on an unused portion of their parking lot while we made preparations to have it moved and erected on pool property. Much to our surprise and without warning, she arbitrarily disposed of it and declined to disclose the whereabouts of the slide so we were unable to retrieve it. We had contracted with a company to dismantle, transport, re-assemble and erect the slide at the MP Pool, so the school paid for the labor costs incurred when they initially dismantled the slide on the school property - there was no charge to the Village.

**North Lake:** You will note under Old Business in the Council report below that Village Council approved the funds not to exceed $25,000 to install aerators in the north and south lakes to help remediate the algae problems.

**New Council Member:** Elmhurst Avenue resident Matthew Danzuso was appointed by the Council and sworn in by the Mayor at the regular March Council meeting to fill the vacancy left by Jeff Rigg’s resignation in February. You may contact Councilman Danzuso at mp-danzuso@minervapark.org. Congratulations, Matthew!

**Community Garden Surveys:** To date, very few community garden surveys that were inserted in last month’s Villager have been returned. Please take a moment and fill out your survey and drop it off at the Community Building. Because our hours are somewhat limited, there is a slot in the front door to leave your surveys. These will be collected daily.

**Recycling and Waste Statistics:** The Solid Waste Authority of Central Ohio (SWACO) has requested that we submit statistics reflecting our recycling efforts and waste disposal. In 2009, we generated 586.19 tons of trash, 126.33 tons of recycled material, and 134.11 tons of yard waste for 846.63 tons total for 560 homes. Why are we asked to report this? The Ohio EPA requires solid waste districts to submit annual reports with recent recycling and waste facts and figures. These reports are used to determine the future of existing community programs for yard waste management, household hazardous waste disposal programs, drop-box services, and community grants.

All Council members were present at the regular Council meeting held March 8. Representatives from the Green Team’s Community Garden Committee spoke to the Council about their interest in having garden plots either on land near the pool or more likely on school property. After a lengthy discussion, Council passed a motion to support their efforts with the understanding that there would be no cost to the

**Lunch Bunch**

Recently some residents were reviewing issues of the Villager newsletter from the 1980s. One activity, the Lunch Bunch, caught their eye, and we think it’s a good idea for today, too.

To support local businesses, encourage their advertising, and meet more residents, we invite you to join us periodically at a local restaurant for lunch. Offer your input for a review, if you wish, to appear in the Villager.

Our first outing will be at Costelo’s Puerto Rican Restaurant, 6140 Cleveland Ave. Join us there on Friday, April 23, at 12:30 p.m. See you there!
The following reports were made:

EMS/Fire: Chief Rick Hoechtsetter reviewed his monthly report. He again has been in contact with the Bureau of Underground Storage Tank Regulations (BUSTR) regarding the gas station located at Woodley and Cleveland Avenue. The ongoing issue is trying to determine if the soil where gas tanks were once installed and have been removed is contaminated (a Tier I investigation). The new deadline is March 23 for the property owner to respond. In the past, the absentee owner has been difficult to track down and to persuade to come into compliance.

Police: Acting Chief Adam Beach reviewed his monthly report. Corporal Matthew Fenstermaker was recognized by Mothers Against Drunk Drivers for his participation in the DUI Program.

Planning & Zoning and Code Enforcement: Dick Busick reviewed his monthly report. A summer babysitting camp at a Lakewood Drive residence was discussed.

Minerva Park Community Association: MPCA President Lisa Craddock Thitoff reported that there is a new Children’s Committee Chair, Glenda Morris; the Founders Day celebration may be combined with a carnival; a teen dance may be one of the pool events this summer; the Pie Sale is going well; plans are to have a Flower Sale again this year; the Music Series dates have been tentatively set for June 20, July 11, and August 8, from 5 to 6:30 p.m. at the Community Building.

The following committee reports were made:

Community: Councilman Roberto Segovia had nothing to add to the MPCA report.

Finance: Council President Pam Park-Curry received approval from the Council for the March expenditures totaling $84,688.34 and for an amount not to exceed $200 to purchase food and beverages for those staff members participating in a training session on March 20.

Legislation: Councilwoman Sharon Bierman asked the Council to consider the following legislation:

Resolution 2010-06 - Authorizing the Mayor to establish pay schedules for Village employees. Second reading accepted.

Resolution 2010-07 - Authorizing the Mayor and the Clerk-Treasurer to enter into a contract for general liability insurance. First reading accepted.

Resolution 2010-08 - Updating the permanent appropriations budget for the expenses and other expenditures of the Village for the fiscal year ending December 31, 2010, and declaring an emergency. Rules suspended, three readings waived, passed as an emergency.

This means that the budget went into effect upon passage instead of 30 days later.

Resolution 2010-09 - Authorizing codification of Ohio State law provisions, including traffic and general offenses codes. First reading accepted.

Ordinance 2010-10 - Repealing Ordinance 13-92 regarding a comprehensive health and medical testing program for Village police officers. First reading accepted.

Safety: Councilman Todd Walter reported that there will be a Safety Committee meeting scheduled soon. The contract with the Common Pleas Court needs to be approved.

Service: Councilman Kent Stanley remarked that the snow removal went well and extended thanks to Blendon Township for their efforts.

Streets: Mayor Eisentrout reported in the absence of a committee chair that we are still waiting for a decision about our 2010 Street Project application for financial assistance from the OPWC.

Old Business: After some discussion, the Council approved an amount not to exceed $25,000 to address the algae problem in the north and south lakes.

Executive Session: The Council moved into an Executive Session to discuss personnel matters and adjourned out of Executive Session to reconvene the Council meeting at 9:56 p.m.
Coffee with Council
The first Coffee with Council held on March 22 was fairly well-attended. Topics discussed included the golf course, the independent living facility on Lakewood Drive, the past and future street projects, school district issues, school levy, apathy and how to attract volunteers to help with Village events, our upcoming 4.0 mill replacement levy, income tax, the surrounding neighborhoods' impact on our Village, and upcoming events such as MPCA's music series. For a get-together that lasted for slightly less than 2 hours, a multitude of subjects was covered.

For those of you who were unable to attend, future Coffees with Council will be announced in the Villager.

Clean-up Day on St.Rt. 161
Saturday, April 10, 9a - noon
Meet at Sharon Woods Center, behind Jiffy Lube, 1800 E. Dublin-Granville Rd. Help remove trash and debris from the shoulders and culverts of St. Rt. 161 to improve its appearance and show our community pride! Bags, gloves, safety vests, and pick-up tools will be provided. Please wear brightly colored clothing and sturdy, waterproof footwear for safety! Invite neighbors and friends to join us!

For information, call 888-2201 or email cleanuvelopmentday@myncc.org.

Beware of Scams
1. The caller provides you with a lot of information that makes you think it’s a legitimate call. They claim to be a Visa or MasterCard security and fraud employee and that your card was flagged for unusual purchase patterns issued by your specific bank. They will ask if you purchased an anti-telemarketing device for $497.99 and provide a purchase location. When you say "no," they will tell you that a credit will be issued to your account at your address and the address will be correct. They then say that the are starting a fraud investigation and give you a control number and to refer to that number when you call the 800 number on the back of your card.

2. Recently reported on Channel 10, a woman received a text message supposedly from her bank that her account was frozen. Instead of calling the number in the text message, she confirmed with her bank directly, learning that it was a scam. This scam also works with credit card or store accounts.

Remember, do not give any personal information to anyone. Always contact your bank, credit card, or place of business direct - don’t call the phone number the scammer gives you.

Minerva Park Police

February - MP Police made 9 misdemeanor arrests and 2 felony arrests; all were transported to the Franklin County jail.
2-9 .... 9:05p, A&G Commerce, 5308 Cleveland Ave., false alarm
2-9 .... 12:22p, 5200 blk Elmhurst, returned missing person

Storm Drains
Please be MP neighborly and help keep the storm drains cleared of debris. After all, a wet basement is something we all can relate to!

Clean-up Day on Morse Road Ramps 116 & 117
We are looking for more volunteers to help clean up ramps 116 and 117 off Morse Rd. As always thanks for your help. To register, visit www.keepcolumbusbeautiful.org and click on the kick-butt icon.
Rain Barrel Making

Demonstration

May 15 - 10a
Community Building

Join Green Team members on May 15 as we demonstrate for you how to make your own rain barrel. Save money on water bills while using fresh rainwater to nurture your gardens all season. We will meet at 10 a.m. at the Community Building. You will be sent home with step-by-step directions and other resources to help you become even more sustainable in your gardens this season. For more information, contact Greg Wittmann at 523-2178.

The Green Team is a group of MP private citizens who strive to create an environmentally friendly village through sustainable living practices.

Prevent Storm Water Pollution

Rainwater and water from vehicle washing and over-irrigation flows into storm drains located in parking lots, streets, and gutters. These drains are connected through a series of underground pipes that carry water directly to the waterways.

Unlike the sanitary sewer that carries water from the drains in your home or apartment to the wastewater treatment plant, the storm sewer system carries untreated water straight to the waterways. Everything that goes into a storm drain is discharged into the river.

This means that litter, oil, and antifreeze from a leaky car, pet waste, and household cleaners dumped on the ground could find their way into the river. These pollutants have harmful effects on water quality and wildlife.

DON’T LITTER - Grass clippings and litter in lawns, parking areas, and streets will wash into the storm sewer and eventually find its way to our Lakes. Putting trash into plastic bags will reduce the likelihood that litter will blow out of a trash can.

CLEAN UP AFTER PETS - Pet waste contains bacteria that are harmful to aquatic wildlife. Waste that is not picked up can wash into the storm sewer during rainfall events. Pick up pet waste as soon as possible and dispose of it in a toilet or in plastic bags in the trash.

PAINT WASTE - If you paint, don’t wash off the brushes or rollers in the driveway, parking lot, or gutter. Even water-based paints contain chemicals that are harmful to the environment. These chemicals will wash into the storm drains and find their way to our lakes.

HAZARDOUS SUBSTANCES - If you use hazardous substances, such as oil-based paints, solvents, or cleaners, use them sparingly and in accordance with instructions on the manufacturer’s label. Store them properly to avoid spilling. In the event of a spill, use absorbent material such as cat litter to clean up the substance.

CAR MAINTENANCE - Check your car regularly for leaks and make necessary repairs. Clean up spills or leaks with absorbent material such as cat litter and dispose of the waste through a hazardous waste collection program. When you change the fluids in your car, drain them into a clean and tightly sealed container. Never pour any automotive fluids down a storm drain, onto the ground, or in parking lots or driveways. Take the used oil and filter to a used oil collection site. Many automotive parts stores and service stations accept oil from the general public for recycling.

WASH YOUR CAR IN THE GRASS - Detergents and road salt are harmful to aquatic wildlife and should not be discharged to waterways.

Common Urban Pollutants

HOUSEHOLD
• Detergents, Cleaners, Solvents
• Oil-Based Paint
• Latex Paint
• Trash and Litter

LAWN CARE
• Pet Waste
• Grass Clippings, Leaves
• Sediment from Erosion
• Pesticides, Herbicides
• Insecticides
