MPCA Annual Meeting

Join the MPCA on Wednesday, September 15 (7:30p, Community Building) for its annual business meeting, to include nominations and installation of officers for the upcoming year and voting for next year’s budget.

The Nomination Committee is accepting nominations for president, vice president, secretary, and treasurer. If you would like to nominate someone (including yourself), please contact Bob Gale at 882-8622. Nominations should be in by September 8.

Committee positions usually are filled by volunteers, so please step forward if you would like to give back to your community.

Perennial Swap

September 18 • 10a
Community Building

Do you have a spot that would be perfect for large ferns? Do you have plants that need thinned or reduced? Perhaps you have some bare spots you would like to fill in. Come to the MPCA Perennial Swap. Bring in your extra plants and take home some new ones. All plants are free. Take as many plants as you bring. Any remaining plants will be donated to the Community Building.

For information, contact Jan Yarnell, 392-2612.

MPCA Mum Sale

Decorate your yard this fall and help the MPCA. Order 8” mums at only $7 each. Available in red, white, yellow, pink, and purple.

Total

Deliver orders and payments (checks made payable to MPCA) to the Community Building by September 19. All orders will be available for pick-up on October 2 between 9a and 11a. Call David Way (895-9963) with questions.

Lake Clean-Up

Saturday, October 2
8:00a-noon clean-up
Free breakfast & lunch for workers

Please bring labeled rakes, clippers, chain saws, gloves, etc., and join us at the Community Building. If you can work at other times or have questions, call Matthew Danzuso 256-9033.

MPCA Mum Sale
MAYOR'S REPORT

Lynn Eisentrout

It's hard to believe that summer is over - it seemed to just fly by. With school beginning, please drive carefully.

Pool: We did not receive approval of our applications to the Ohio Department of Natural Resources (ODNR) for reimbursement/matching grant funding for the 2010 Pool Renovation, a project to replace the remaining deck around the pool and to install a handicap ramp at the pool entrance. As you may recall, I had submitted two applications: one to the Land and Water Division for a 50%-50% grant and one to the Land and Real Estate Division for a 25%-75% grant. The Grants Administrator confirmed that our project was a good project, but that it was one of 32 projects requesting $1.5 million; 11 projects totaling $589,417 were approved. Additionally, during the evaluation process, it seems that land acquisition was a major consideration for accruing points. While I am disappointed that we didn't receive the funding, I am not discouraged. I will meet again with our ODNR liaison to confirm that I would like to re-submit this project application by the February 2011 deadline with Council's approval. One positive component of this hot summer has been that we have had a very good season so far. As of the beginning of August, revenues from the pool totaled about $68,000.

2010 Street Repair Project: The Council awarded the contract for this project to Shelly & Sands for $208,836. Four bids were received, which is about what we wanted and expected for a project of this size. We had a project kick-off meeting on August 20 to discuss several items: start date (last of August or first of September), the end date (mid- to end-September, depending upon the weather and any unforeseen problems with the infrastructure), notification of residents (the company will distribute flyers and post signs on the streets to be repaired), and staging areas (near Cleveland Avenue for the larger equipment and Lakeland Court for smaller equipment). Please call (882-5743) or email me (mayor@minerva park.org) if you have any questions.

Cable Consumer Hotline: If you are having problems resolving issues such as billing disputes, poor picture quality, equipment malfunctions, or difficulty scheduling service appointments with your cable provider, the Ohio Department of Commerce (ODOC) can assist you through the Cable TV Consumer Hotline (800-686-7826). Once they receive a complaint, they investigate it, forward the complaint to the company named in the complaint, and request that they resolve the complaint directly with the customer. The ODOC will then follow up to ensure that the customer has been contacted by the company and that the issue/complaint has been addressed. Cable television providers are required under Chapter 1332 of Ohio's Video Service Authorization law to restore cable service within 72 hours after the customer reports the problem (unless the problem was caused by a natural disaster), credit the customer's account for a service interruption (depending upon the cause and duration), provide 30 days advance written notice before removing a channel or before a rate increase, and provide 10 days advance written notice before disconnecting service.

Thank You: I would like to thank the residents on Jordan Road and Park Lane Court and Park Lane Drive for inviting me to their block party. I had a wonderful time!

All Council members were present for the regular Council meeting held August 9. The following reports were made:

EMS/Fire: Chief Rick Hoechstetter reviewed his monthly report. Faith Pruden, the brave young lady who was inducted last month with an honorary membership into the Minerva Park Volunteer Fire Department, passed away on August 7. Our sympathies and prayers are with her family.

Police: Acting Chief Adam Beach reviewed his monthly report. Faith Pruden, the brave young lady who was inducted last month with an honorary membership into the Minerva Park Volunteer Fire Department, passed away on August 7. Our sympathies and prayers are with her family.

Mayors Office Hours

M - 8a-1p and 4p-6p  
Tu - 4p-6p  
W, F - 8a-noon  
Th - by appt  
Sat, Sep 11 - 10a-noon
Planning & Zoning and Code Enforcement: A variance request for a 2-car garage was approved by a vote of five ayes and one nay, and a variance request for a shed was unanimously approved.

Minerva Park Community Association: MPCA Vice President David Way reported that the final concert in the Summer Music Series was attended by about 110 people and that the Community Garage Sale and the Wine & Cheese would be held on August 14.

You will notice that we did the committee reports a little differently in August because two contracts (the trash hauling contract and the street repair contract) had to be awarded by motion before any legislation authorizing the Mayor and the Clerk-Treasurer to enter into those contracts. The leaf contract was simply awarded by motion with no accompanying legislation because the amount of $15,500 was under the $25,000 bid threshold.

The following committee reports were made:

Community: Councilman Matthew Danzuso would like to schedule a Fall Clean-up for October 2, 8-noon.

Finance: Council President Pam Park-Curry received approval from Council for a Then & Now PO for OPWC loan payments totaling $47,156.08, and the June and July financials.

Service: Councilman Roberto Segovia received Council's approval of a motion to award the 2010 Leaf Removal Contract to McKinney Landscaping for $15,500 and for a motion to award the 3-year trash hauling contract to Local Waste Services at $14.40/house or $8,212.60 per month.

Streets: Councilman Kent Stanley received the Council’s approval of a motion to award the 2010 Street Repair Project contract to Shelly & Sands for $208,836.

Legislation: Councilwoman Sharon Bieman asked the Council to consider the following legislation:

Resolution 2010-18 - Authorizing the Mayor and the Clerk-Treasurer to enter into contract for the collection and removal of rubbish, trash, recyclables, garbage, and yard waste from residences and declaring an emergency. Rules suspended, three readings waived, passed as an emergency.

Resolution 2010-20 - Authorizing the Mayor and the Clerk-Treasurer to enter into contract for the 2010 Street Project on specified streets and declaring an emergency. Rules suspended, three readings waived, passed as an emergency.

Safety: Councilman Todd Walter's motion to purchase new vests (body armor) for the police officers at a cost not to exceed $6,000 was passed unanimously. An amount not to exceed $6,000 had been approved for the purchase of an in-car camera for the police department; an additional $200 was approved toward that purchase.

Recently when some residents were reviewing issues of the Villager newsletter from the 1980s, one activity, the Lunch Bunch, caught their eye. We think it's a good idea for today, too.

To support local businesses, encourage their advertising, and meet more residents, we invite you to join us periodically at a local restaurant for lunch. Offer your input for a review, if you wish, to appear in the Villager.

Our second outing will be at Yanni’s Greek Restaurant (6196 Cleveland Ave.) on September 17 at 12:30p. See you there!

Those who attended the last Community Association summer music series concert saw the results of the efforts of several volunteers who helped install the new patio/stage for the band. Ricardo Dossantos, owner of Star Pavers, donated his experience and labor to the Village. Tim Close, Bob Caley, Dave & Dick Busick assisted with volunteer work. If you haven’t seen the patio/stage yet, take a walk along the South Lake just east of the Community Building.

Rain Barrels for Sale
The Green Team is selling rain barrels to Minerva Park residents at a reduced price of $60 per barrel.

To fund programs like the rain barrel making demonstration, the composting workshop, farmers markets, and other educational programs and activities, the MPCA invites you to support sustainable living by conserving your use of water ... collect rain water run-off in rain barrels provided by the MPCA. Help keep our neighborhood healthy and “green.”

End-of-Season Composting Tips
In the central Ohio clay soil area, it is very important to amend soils regularly with organic matter for plant roots to have plenty of growing room and to have loose, fertile soil for seeds to establish and plants to thrive. Try using composting as a sustainable practice whenever possible to both save money and give back to the earth.

Now that some of our gardens are starting to feel the same fall nip in the air that we are, we slowly can start to compost a few of the plants that are done for the season. I have discovered some things that will help to make next year’s growing season more pleasurable and less weedy.

Ralph Waldo Emerson has defined a weed as a plant whose attributes are not yet discovered, but in our gardens we might define a weed as a plant that is in a place where we don’t want it to be. For example, someone at my household accidentally placed cherry tomatoes and dill seeds in our compost pile, which during the following growing season gave us more tomato and dill plants than we thought we’d ever want. Transplanting these volunteers is possible but difficult to keep up with. Thus they become weeds.

Remember that composting can be done year ‘round, not just during the summer and fall when leaves and grass clippings readily are available. Use organic table scraps such as fruits, vegetables, and breads to mix in your compost bin. I recently have started to bury my compost in various spots in my gardens to keep the micro and macrobiotic organisms happy. This can be done easily by digging a hole about 1½ shovel full’s deep and burying compostable table scraps. Simply dump in your scraps, fill in the hole, and let nature do the rest. There are other composting methods that work, such as using open-topped home-made wooden composting bins or closed plastic bins to keep the critters out. I throw my yard waste scraps in a pile and let it settle for a year before I use it.

Use the following guide to help know what to compost and what not to compost.

Do Compost
- Tomatoes, dill, and other plants, fruits, and vegetables that can create unwanted plants next year. Remove the fruit, and then compost the rest of the plant along with your leaves and grass clippings.
- Citrus fruits such as grapefruit and oranges, oils, vinegars, salad dressings, walnut husks, and other acidic material. Micro and macrobiotic organisms don’t like them nearly as much we do.
- Meat and dairy. This a great way to attract raccoons, skunks, opossums, bacteria, and other unwanted critters to your yard.
- Charcoal ash from the grill. It can carry toxins and maybe even worse things that we don’t want in our garden soil.
- Weed seeds and fruits such as Pokeberry, bind weed, Dog bane, Milkweed, and more. These plants WILL show up next year in great abundance.

Don’t Compost
- Weed seeds and fruits such as bind weed, Dog bane, Milkweed, and more. These plants WILL show up next year in great abundance.
- WORMS! I love adding red wigglers, night crawlers, or any kind of worms to my compost to help aid in the decomposition process.

Living sustainably is a good idea and halts depleting the earth of precious nutrients. For more composting tips, refer to The Ohio State University extension service or the National Wildlife Federation, or call your neighborhood naturalist Greg Wittmann at 523-2178 for general backyard composting information.

7-29 .. 11a, Westerville Auto Group, theft •
From Your MPCA President

Hickory Wind! If you missed this band, you missed a good one! This summer, your Community Association sponsored 3 concerts as part of the first annual summer music series. We plan to continue with a series next year. If we had any doubts of the popularity of this endeavor, they were erased by the cool dance moves of little Leo Canales and friends. I think their actions showed what most of the audience was feeling. Thank you to everyone who helped with all that is involved in bringing these concerts to our residents, including Sid Townsend (for donating his time as a musician and for his expertise in putting 3 concerts together) and Bonnie Townsend (her talents as the emcee), Dick Busick (for his varied responsibilities) and to Karl (for his donation of the sound system).

A BIG thank you to those who helped with our Founders Day celebration. The youngest resident attending was Sean Russell (age 4 years), the newest resident attending was Andrea Bailey (moved in April 2010), and both living in Minerva Park the longest and the oldest resident attending was Earl Ericson (52 years and 92 years, respectively).

August brought the annual garage sale. Our thanks to many who helped with the event: Sharon Bierman, Hal Howard, Kristan Onofrio, Poncinie family (Dianne, Mark, Chelsie), Bonnie Townsend, Wayne Woodward, and the Minerva Park Police. Our thanks also to the members of the MP Volunteer Fire Department who helped with their fundraiser: Chief Rick Hoechstetter, Bill Carroll, Lt. Brian Horton, Cory Hutchison, Norm Jones, Jodi Lewis, Rich Lewis & family, Scott Logsdon, Bill Lorson, Mike Ostrander, and Capt. Tina Quinn.

Following a hard day of sales, the wine & cheese night at the pool was a popular event. Even with the threat of storms, residents enjoyed antipasto, breads, cookies, and other treats. As usual, corn hole was the game of the night.

The Community Association membership drive began in August, so be looking for street reps to stop by your home collecting dues, only $20 for the year. We plan to continue to bring new and varied events to you, along with 3 holiday kids parties, Founders Day, Christmas carriage rides, music concerts, the resident directory, a monthly newsletter, MinervaFlora plantings and events, Green Team support, and pool events ... as shown on page 1. Please let us know if you have suggestions for a new event.

Certainly these events make our community better, but they take many people to make them happen. Please call Bonnie Townsend (890-2427), our volunteer coordinator, if you would like to help. Even an hour or two makes a difference.

Lisa Craddock Thitoff
MPCA President

Influenza * Pneumonia * Hepatitis A & B
Meningitis * Shingles * Tetanus
Diphtheria and Pertussis
This is an adult immunization program.
However, Flu shots are for clients age 14 and over.

HAVE YOU BEEN IMMUNIZED YET?

If you have not been immunized, you may be at risk for influenza, pneumonia, shingles, and a number of other preventable diseases. If you have Asthma, Heart Disease, Type-2 Diabetes, HIV, or if you are a smoker, you may be especially at risk for the flu. Think about it.

Worried about long lines? Come to FAMILY MEDICAL PHARMACY and get your immunization with fast service from our Friendly, Experienced, Well-Trained Staff. We accept MEDICARE, MEDICAID, WORKERS’ COMPENSATION, & MAJOR PRESCRIPTION PLANS, including CVS CAREMARK members. We also provide important information about our vaccines and the diseases that they prevent.
Minerva Park will begin its leaf collection program as soon as the accumulation justifies a pick-up and will continue through early to mid December. **Pick-up will be throughout the week, from 8:00a to 6:00p.**

### Leaf Collection Tips
- No foreign materials, please, such as brush, twigs, or grass clippings. Objects such as stones, bricks, or large rocks can cause severe damage to the vacuum collection equipment. Please be a responsible neighbor and keep your curb and street area free of this debris.
- Rake leaves to the curb area only—not into the street. Leaves left on the grass may cause discoloration, but yellowing is not long-term and grass recovers quickly. Leaves placed in the street become wet and may block storm sewers.
- Refrain from on-street parking during scheduled collection weeks. Collecting leaves from behind parked vehicles significantly inhibits ability to provide timely pick-up.
- If you live on a cul-de-sac or circle, please park in your driveways, so the leaf collection machinery can navigate the tight turns on the street.
- If you have any questions, contact Roberto Segovia. We hope you enjoy the wonderful changing of the seasons! •

### Over the Limit - Under Arrest

The message is clear. If you drive impaired, you will get caught and arrested. With law enforcement all over the State of Ohio working together and enforcing the slogan Over the Limit - Under Arrest, your chances of getting caught are very good.

Fatalities are on the rise on Ohio roads, with 69 more fatalities this year compared to the same time last year, so take the job of saving lives seriously.

Minerva Park is a small community, but drunk drivers affect all of us. It’s the job of all of us to keep the roads safe and report drunk drivers. The Village is recognized for its strong sense of community. By working together, we can keep our community safe and free of drunk drivers. •

### 20 Homes

As of press time, 20 homes had not remitted 10% of their proceeds to the MPCA as their share of the garage sale fundraiser. The annual garage sale is a community effort, with collective advertising where everyone benefits and food sales benefit the MP Fire Department.

If you participated in the annual garage sale, please remit 10% of your proceeds to the MPCA, honoring your commitment and making you eligible to participate again next year. Forward your checks (made payable to MPCA) either the Community Building (2829 Minerva Lake Road) or to Dianne Poncinie (2718 Alder Vista Drive). •
