MP Community Association News

**Community Garden**

The Community Garden - located on the southeast side of Hawthorne Elementary School - is for MP residents who want to grow their own produce and/or flowers but lack space or natural light in their home yards.

The MPCA Green Team’s Community Garden has a few plots available, each for only $25 for the entire growing season, April through October. Each plot is approximately 100 square feet—4’ by 25’ or 10’ by 10’. They are assigned on a first-come, first-served basis. Only a few are available, so don’t delay—sign up now to be sure you get a plot. For more information or to arrange renting a plot, call Karen Cogley at 899-2024.

The Community Garden was formed as a group effort, both in terms of getting the garden established in the community and in the decision-making process. The group established accountability for the upkeep and maintenance of the garden in the Community Garden Agreement, required by all participants.

Working in and growing our own gardens is fun, inexpensive, and healthy, so call today to get started.

**Scholarship**

The Nancy Fisher Memorial Scholarship annually awards a scholarship to a deserving Minerva Park high school graduate(s). Download an application and submission instructions at minervapark.org/scholarship. The application deadline is May 31.

**Duck Award**

The Citizen of the Year Award, affectionately referred to as the “Duck Award,” honors a resident or group of residents who have made the greatest contribution to improving the quality of life in Minerva Park. Their name(s) are added to the plaque at the Community Building.

Please submit nominations by May 31 to MPCA President Dani Wolf, by mail at 2829 Minerva Lake Road, or via email at president@mympca.org.

**MP’s 75th Anniversary**

MP’s 75th Anniversary celebration is scheduled for Saturday, September 12, 2015. Read more on page 9.

mympca.org

A website for your MP Community Association is up and running. Please visit mympca.org for MPCA information. During the coming months, we will add more features to the site. Feedback from residents is welcome.
This month’s report will be short to meet an early deadline so the May Villager reaches our residents because it includes the May 6 ballot information.

**Voting:** Some residents have received notice from the Franklin County Board of Elections about our voting location being changed from the Community Building to the North Park Church of Christ at 4938 Westerville Road. This has happened because our older Community Building does not meet new, federally-mandated ADA requirements. The deficiencies are confined to the exterior of the building. The slope of the sidewalk from the handicap ramp to the front door is too steep, the lip at the handicap ramp is too high, the parking lot is uneven enough and sloped to make navigation by a person in a wheelchair challenging once he/she disembarks from a vehicle, and the designated handicap parking space is too close to the street. After meeting with the Board of Elections inspector, I met with a representative from the Secretary of State’s office to review the inspection report and to inquire about grant funding opportunities for the Village to pursue to bring our building into compliance. A meeting has been scheduled for our engineer, Brett from the Secretary of State’s office, and me to meet to work toward drafting a scope of work for this project and to get an idea of what this will cost. Look for updates in the coming weeks.

**Pool:** Our Discount Pool Membership drive, held on April 6, was very successful with about $17,000 collected. Many thanks to Sara Schumacher and Pool Manager John Friedel for making themselves available from noon to 3p on a Sunday so members could take advantage of this opportunity. The children who came with their parents were great and very excited about the upcoming pool season.

**Golf Course:** Work continues between the Council members, the P&Z Commission members, the Fischer Homes staff, and me. A first reading of two ordinances approving the Preliminary Plan, amending the zoning map to a Planned Residential District (PRD), and the pending annexation to the Village were unanimously approved at the April 14 Council meeting. As hoped, the Open House held on March 28 was enlightening, even though not well-attended. Many residents’ comments and concerns are the same that your elected officials have: the impact that increased traffic will have on our streets and related safety issues, the ingress and egresses, sewer issues, and the density of the development, to name a few. There will be a joint P&Z, Council, and Fischer work session/meeting on May 6 at 7p at the Community Building (the public is welcome to observe) and a Public Hearing on Sunday, June 8, from 4p to 6p at Hawthorne Elementary School in the gymnasium. There will be a formal presentation by the Fischer Homes staff at the Public Hearing, and the Fischer representatives will be available to answer questions from the audience.

All Council members were present at the regular Council meeting held on April 14.

**Police:** Chief Kim Nuesse reported that Cruiser #2 is at a repair garage with an engine problem and a water pump failure. She spoke with the radio contact at the Franklin County Department of Homeland Security. The Police Department in compliance and is ready to move forward with the Franklin County digital 800 megahertz (MHz) radio system in August 2014. The Police Department received notification about the changes to the radio systems in 2011 and has received equipment grants to be able to meet the 2014 deadline. The Police Department has all the radio equipment it needs and is ready to proceed. Chief Nuesse met with State Representative Ann Gonzalez recently to discuss concerns with Juvenile Group Home legislation. Chief Nuesse and other police chiefs raised concerns about staffing and training that were not addressed in the initial proposed legislation. Chief Nuesse thanked the Fire Department for working with the Police Department on acquiring biohazard bags to appropriately dispose of needles and various biohazard materials because the police encounter heroin users with needles.

**EMS:** Chief Rick Hoechstetter
reported that the Department had budgeted $2,000 for the purchase of an intrasosseous (IO) drill and needles, providing ensured vascular access. IO access is not required often but is valuable in extreme cases and is now required under Region 5 protocols. He was able to purchase the drill and needles for $510, a significant savings. Chief Hoechstetter acknowledged that the MP Police Department had given the Fire Department five 800 MHz radios that must be reprogrammed for Fire Department use. Chief Nuesse has arranged for that service at a discount rate. This donation will allow the Fire Department to provide radios for all crew members on duty and for several back-up units.

**Legal:** Law Director Jennifer Croghan reported that the first reading of legislation of acceptance of the Preliminary Plan was scheduled for this meeting. Pursuant to ORC §1236.03, the Council will need to submit a notice of a Public Hearing 30 days in advance. The date decided upon was Sunday, June 8, from 4p to 6p.

**Planning & Zoning and Code Enforcement:** Councilwoman Pam Park-Curry spoke to the two variance requests before the Council. The first variance for an oversized sign at the Yasmin Market, located on Cleveland Avenue, was unanimously approved. The existing two signs will be removed and one large sign will replace them. The second variance request was for a site plan for a new home, a single-family dwelling on Alder Vista on a vacant lot, that required two variances. The first was because the lot width is less than 80 feet at the front building line. The second was because the building line is 5 feet less than the required 25 feet from the center line of East Bridge. The variance was approved with the condition that the builder has the front building line set back to 38 feet.

**Northland Community Council:** A trial date has been set relating to the closing of the Red Carpet Inn on St.Rt. 161. The Columbus Library Consortium is updating its systems with the additions of the Bexley, London, and Upper Arlington Libraries. The former Friendly’s on St.Rt. 161 has been leased by a yet-unknown tenant. The NCC Banquet will be held on May 29 at Villa Milano beginning at 6:30p. Please see the Council Committee reports below.

Residents are invited to attend and observe committee meetings ...

**Legislation,** Pam Park-Curry. No report submitted.

**Finance,** John Michels. No report submitted.

**Safety,** Todd Walter. No report submitted.

**Service,** Jennifer Pauken. The Service Committee met on April 24 to discuss progress on the Ohio EPA Director’s Findings and Orders (the sanitary sewer project detailed in the April 2014 issue of the Villager). The emergency response protocols are nearly complete, and work has begun on the next phase of the project. The firm used by the Village for engineering services, CH2M Hill, has been surveying the sewer system and installing flow meters to determine flow volume during dry and wet weather.

**Streets,** Ed Detwiler. All streets have been inspected to identify potential repairs that will need to be made in 2014. Generally, the streets are in very good condition. All streets have seams and cracks that need to be treated with sealant, and there are a few pot holes (five on Minerva Lake Road and one each on Lakewood, Maplewood, and Valley) that will need to be filled. There also are depressions, grates, shoulders, and manhole covers that need to be evaluated by the Village Engineer. Any residents who wish to receive a detailed account or wish to report damage to their streets are encouraged to contact Ed at 895-0465 or mp-detwiler@minervapark.org.

**Community,** Dave Way. No report submitted.
Easter Egg Hunt

By Glenda Morris, Chair
Children’s Activities

The Minerva Park Community Association’s annual Easter Egg hunt was held April 19 on a beautiful, sunny Saturday morning on the lawn of Hawthorne School. More than 100 children and their families were on hand to gather 1,000+ eggs stuffed with candy and toys. Most of the children were delighted to see the Easter Bunny for photo opportunities. A few very young children preferred to enjoy E. Bunny from a distance. Each child could get a prize and a marigold or sunflower seedling (plants courtesy of the MPCA Green Team).

All this fun could not have happened without the help of our volunteers who helped to stuff eggs, ensure the field was clean, set up and place eggs, help people get to the right age areas, pass out prizes, and pick up afterward. A big thank you to Sara, Eric, & Maddie Schumacher; Judy Newsome; Sam, Kelly, & Leslie Hagan; Marie Takacs; Jean McCall; Dani & Brian Wolf; Jennifer Pauken; Anna Johnston; Glenda & Andy Morris.

Captain Tina Quinn Recognized for 30 Years of Service to MP

Village officials, coworkers, and residents gathered on April 23 to recognize EMS Captain Tina Quinn for 30 years of service to Minerva Park. We echo the acknowledgment on the Mayoral Proclamation, paraphrased here...

“Captain Quinn began her EMS career with the Village of Minerva Park as a part-time officer in 1984 and served in that capacity until 2002 when she was promoted to Supply Lieutenant; and was promoted to the rank of Captain in 2007; and has faithfully coordinated Member Communication, CQI, Purchasing, Time Sheets, and ICM Certification and has supervised the Drug Coordinator; has provided consistent, well reasoned, and informed leadership; and has shown these qualities by protecting the citizens of Minerva Park for thirty years...we acknowledge the contributions that Captain Quinn has made to the citizens of the Village of Minerva Park during 30 years of a successful career as a medic. I urge all members of the community to join in recognition of this significant occasion.”

Minerva Park’s Ballot

Below is a representation of the ballot you’ll see at the polls this election. You may make your selections on this sheet and take it with you to the polls.

**NON-PARTISAN ... ISSUES ONLY**

**Issue One**
Proposed Constitutional Amendment to fund public infrastructure capital improvements by permitting the issuance of general obligation bonds.

Proposed by Joint Resolution of the General Assembly ... to enact Section 2s of Article VIII of the Constitution of the State of Ohio.

The proposed amendment would:
1. Authorize the state to issue bonds or other obligations to finance or assist in financing public infrastructure capital improvements for local governments and other governmental entities. Capital improvement projects would be limited to roads and bridges, waste water treatment systems, water supply systems, solid waste disposal facilities, stormwater and sanitary collection, storage, and treatment facilities.
2. Determine that such capital improvements are necessary to preserve and expand the public infrastructure, ensure public health, safety and welfare, create and preserve jobs, enhance employment opportunities, and improve the economic welfare of the people of Ohio.
3. Limit the total principal amount of the state general obligations issued under the amendment to no more than $1.875 billion over a ten-year period, with no more than $175 million issued in each of the first five fiscal years and no more than $200 million in each of the next five fiscal years.
4. Require that obligations issued under this amendment mature no later than thirty (30) years after their date of issuance, and that any obligation issued to retire or refund other obligations mature no later than the permitted maturity date for the obligations being retired or refunded.
5. Authorize the General Assembly to pass laws implementing this amendment, including laws establishing procedures for incurring and issuing obligations, and laws providing for the use of Ohio products, materials, services and labor to the extent possible.

If approved, the amendment shall take effect immediately. A “YES” vote means approval of the amendment. A “NO” vote means disapproval of the amendment. Shall the amendment be approved?
- Yes
- No

**#6 Proposed Tax Levy (Additional)**
Franklin County Columbus Zoological Park

An additional tax for the benefit of Franklin County for the purpose of providing funds for the provision and maintenance of zoological park services and facilities at a rate not exceeding 1.25 mills for each one dollar of valuation, which amounts to $0.125 for each one hundred dollars of valuation, for a continuing period of time, commencing in 2014, first due in calendar year 2015.

- For the tax levy
- Against the tax levy

**REPUBLICAN PRIMARY**

Vote for issues (non-partisan) on page 6 AND the following candidates:

**Governor & Lt. Governor**
- John Kasich & Mary Taylor

**Attorney General**
- Mike DeWine

**Auditor of State**
- Dave Yost

**Secretary of State**
- Jon Husted

**Treasurer of State**
- Josh Mandel

**Representative to Congress (3rd District)**
- Eric Vennon
- John Adams

**Justice Supreme Ct**
- Sharon Kennedy

**Justice Supreme Ct**
- Judi French

**Judge Ct of Appeals (10th Dist)**
- Pat Beatty
- Lisa L. Sadler
- Amyl O’Grady
- Betsy Luper Schuster

**Member State Central Committee (man, 3rd Dist)**
- David Goodman
- Doug Rankin

**Member State Central Committee (woman, 3rd Dist)**
- JoAnn Davidson

**State Senator (3rd Dist)**
- Kevin Bacon
- Kevin Solveson

**State Rep (19th Dist)**
- Anne Gonzales
- Meta Hahn
Take your ID to the polls ... driver’s license, Ohio photo ID, bank statement, utility bill, paycheck, any government-issued document showing your current address. Caveat Emptor - This recap is provided here so you can become familiar with our own particular ballot before you arrive at the polls. MPCA is not responsible for any errors! Study the issues. Make up your own mind. And then

GO VOTE!
In 2015, Minerva Park will celebrate the 75th anniversary of its incorporation. With this focus, this periodic personal-interest column will interview Village residents with the ultimate purpose of deepening our sense of community by helping us know our neighbors and our history. This month we get a glimpse into MP from four residents on Lakewood Drive.

This interview was the most unusual one ... and full of fun! I interviewed four Lakewood Drive residents who grew up in MP as children. They either never left the Village or returned later in life. Between the four of them, they have lived here a total of 213 years!

They are (pictured l to r) Bob Gale, Tom Petti, Pam Park-Curry, and John Best. Our 2-hour interview quickly became four hours long, and more than one article is needed to tell you about their fascinating stories. In this first installment, you meet these four residents. Later, they will share their experiences and memories of Minerva Park during their combined 213 years of living in the Village.

Bob Gale

Bob Gale had his 64th groundhog-day birthday this year and calls himself “a perennial student.” He has a BA in History from Ohio State and a Library Science degree from Case Western. In 1989, he received a degree in Public Administration from Ohio State. He used to work at The Union in Northland and eat lunch at Lazarus, a/k/a “The Big L.” He worked at the Newark Library for 33 years (the last 7 in their new location) until retirement in 2008. For a long time, he took care of his ailing mother.

Bob loves to travel and is an Austrian history buff, researching his genealogy and finding his family roots in Austria. He traveled there in 1975 and visited Budapest when it was behind the Iron Curtain. In 2012, he went back when Budapest was no longer under Soviet control and transformed into a beautiful city. Through ancestry.com, he found a cousin and his mother’s relative in Europe related to the woman in the painting called “Chocolate Server.” He once met an Austrian Archduke. Bob’s sister and her two daughters once lived on Alder Vista. He takes his great nephews on a tour of the Village, recalling the “secret places of Minerva Park.”

Bob quoted a Russian proverb from today’s horoscope. “Don’t buy the house; buy the neighborhood.” It describes how he feels about Minerva Park. For example, MP’s roads were plowed after the recent snow storm, but Cleveland Avenue was not. He likes living here because of the difference in terrain, and he likes that the garden tours draw many people. He has been an integral part of the MP Community Association for decades. Bob bemoans the fact that the Northland mall property is still half vacant after 10 years and wishes that Columbus would devote more resources to develop the rest of that property.

Tom Petti

Tom Petti is the “baby of the bunch” at age 57. As a “lifer” who never left the Village, he still lives in his family’s home that his parents built and moved into on Valentine’s Day in 1953. They met at a basketball game. Tom took care of his mother until she passed away in 2001 and cared for his father for 8 more years. He has twin sisters and a brother.

Growing up, Tom used to mow grass for 16 regular accounts. At summer’s peak, he would take care of 24 lawns. With the help of summer school, in 1974, Tom graduated a year early from the only Westerville high school at the time, now Westerville South. Being a janitor at Otterbein was his first job, while continuing lawn care in MP. He later worked for Ohio Packing, owned by MP resident Don Wilkie. He learned to drive a truck for the Transportation Research Center in Bellefontaine. As a truck driver, he supplied Dairy Queens and later worked for ODOT in Delaware at a truck weigh station. He transferred to be a rest-area caretaker on I-71 North for more than 5 years, enjoying that
job because he visited with many people passing through. When that job was given to the handicapped, Tom was absorbed into the maintenance crew. He retired in 2010 after 32 years of working for the State of Ohio.

Tom likes to golf, garden, and waste a tank of gas by driving. He never married. He likes the Village for its quietness. He calls it “a pleasant island in the middle of the city, a pleasant place to call home.”

Pam Park-Curry used to ride the school bus with John Best. She left home as soon as was possible after graduation, becoming a military wife. When her husband did a second tour in Vietnam, she was a mother of two and became a student at Ohio State. She divorced and then earned a BA, an MA and PhD in Sociology, and worked as an Academic and Career Counselor at Ohio State. She married an Ohio State Sociology professor, living in Clintonville. When looking for their dream home, they found Mary Ann D’Agostino’s home in MP that Pam, as a child, always thought was perfect. By that time, though, it was showing its age, and they bought it from the bank. She and her husband Tim are still tinkering with it. Pam says that “In MP, we have real houses made of real wood.” When a tree limb fell on their house, the solid roof stopped its advance and prevented lots of heartache.

Pam got involved with the MP Pool Board in 1985 and joined the MP Council in 1991. Pam retired from teaching in 2012 and took up long-arm quilting, but she is still very involved in the Village. She likes the history of our Village and knowing the lineage of the houses here. She bemoans the fact that young people move into the Village for a short while, not for their whole life, and “they never develop a historical connection to this place.”

**John Best**, who moved here with his grandparents in 1952, has known his next-door neighbors’ son, Bob Gale, since he was 7 years old. John described himself as the motorcycle-riding “hoodlum” and Bob as “a nice boy,” whose father was John’s hero. The boys played with each other as children but went to different schools and thus had different friends. John’s grandfather would wave to Bob’s dad when he arrived home from work, the secret signal to come over for martinis. As adults, John and Bob have been friends and neighbors for years.

John’s father was a Harley-Davidson dealer, so it’s no surprise that John raced motorcycles in 1966, a secret he kept from his grandparents. He raced at Daytona Beach twice. After quitting college in 1970 after two years, he was drafted and served in Vietnam. He returned to the family motorcycle business and finished college. In 1974, John became a civil engineer, joining a Columbus firm. He retired from there in 2007 and was a bus driver for 5 years. He speaks highly of the veteran services provided to him by the VA.

After traveling the world, John chose to return to MP. He lives in his grandparents’ house, situated on two lots and backing onto the creek that flows into Minerva Lake. He likes it here because “it is like living in the country, yet close to city and shopping. It was a great place to grow up.” But he does not like “living on an island that is surrounded by sharks. Our Northland Shopping Center looks like downtown Detroit.”

Now that you have met these four “old timers,” we invite you to enjoy their recollections of growing up in Minerva Park. Watch for their stories in a later edition of the Villager. If you wish to be featured in “Getting to Know You” or suggest a neighbor, email rose_hart@hotmail.com.
Mayor's Court
